MEDIA RELATIONS

The Board of Trustees respects the public's right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request.

(cf. 9322 - Agenda/Meeting Materials)

Media representatives, like all other visitors, shall register immediately upon entering any school building or grounds when school is in session.

(cf. 1250 - Visitors/Outsiders)
(cf. 3515.2 - Disruptions)

Staff may provide the media with student directory information, including, but not limited to, the name of a student, school of attendance, grade level, honors, and activities, unless the student's parent/guardian has submitted a written request that such information not be disclosed. The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.

(cf. 1340 - Access to District Records)
(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)
(cf. 5125.1 - Release of Directory Information)
(cf. 9010 - Public Statements)
(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt students' educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school are strongly encouraged to make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.

(cf. 5145.2 - Freedom of Speech/Expression)

Community Relations

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Media Communications Plan

In order to help develop strong relations with the media, the Superintendent or designee shall develop a proactive media communications plan. This plan may include, but not be limited to, information related to district programs and needs, student awards, school accomplishments and events of special interest.

(cf. 0510 - School Accountability Report Card)
(cf. 1100 - Communication with the Public)
(cf. 1160 - Political Processes)

The plan shall specify the district's and/or site's primary media contact to whom all media inquiries shall be routed. Spokespersons designated to speak to the media on behalf of the district include the Board president, Superintendent and public information officer. Other Board members and staff may be asked by the Superintendent or designee to speak to the media on a case-by-case basis, depending on their expertise on an issue.

The Superintendent or designee shall provide training on effective media relations to all designated spokespersons.

(cf. 9240 - Board Development)

Crisis Communications Plan

During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)

Community Relations

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Superintendent or designee shall include local law enforcement and media representatives in the crisis planning process.

(cf. 1700 - Relations between Private Industry and the Schools)

The Superintendent or designee shall establish procedures by which Board members, employees or members of the community may suggest persons or organizations for Board recognition. At the Board's discretion, letters of recognition, Board resolutions, plaques or awards may be presented.

The Board encourages similar forms of recognition for achievement or services as part of school-level commendation programs.

POLITICAL PROCESS

The Board of Trustees has a responsibility to actively advocate fiscal and public policy that supports the district's schools and the children in the community. To the extent possible, the Board shall be proactive in defining the district's advocacy agenda based on the needs of the district and the direction set forth in the district's vision and goals.

(cf. 0000 - Vision)
(cf. 0200 - Goals for the School District)
(cf. 9000 - Role of the Board)
(cf. 9010 - Public Statements)

The Board may establish reasonable regulations related to Board members and employees engaging in political activity during working hours and on district premises. (Education Code 7055)

(cf. 4119.25/4219.25/4319.25 - Political Activities of Employees)

Legislation

The Board's responsibility as an advocate for the district may include lobbying at the state and national levels.

Because local governments also make decisions which impact the district's schools, the Board and the Superintendent or designee shall work to establish ongoing relationships with city and county officials and agencies, and shall inform them of the potential effect of local issues on the schools.

(cf. 1020 - Youth Services)
(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 7131 - Relations with Local Agencies)

The Board shall identify issues that will affect its schools and the children in its community, establish goals and priorities for legislative advocacy, solicit community input and adopt legislative positions. The Superintendent or designee shall establish a coordinated plan for carrying out the advocacy agenda, including specific activities, target groups or individuals, staff responsibilities and timelines.

In order to strengthen legislative advocacy efforts, the district may work with organizations and coalitions and may join associations whose representatives lobby on behalf of their members.

As necessary, the Superintendent or designee may draft legislative proposals which serve the district's interests.

Community Relations

The Board may provide fair and impartial information about legislative issues affecting schools and children and shall inform the community about its legislative advocacy activities. However, the Board shall not urge the public to lobby the legislature on behalf of the district.

(cf. 1100 - Communication with the Public)

(cf. 1112 - Media Relations)

Ballot Measures/Candidates

The Board may study the potential effect of ballot measures on the district's schools. Any Board discussion of the effect of such measures shall include an opportunity for Board members, staff and members of the public to speak on all sides of the issue. Following such study, the Board may adopt positions in support of or in opposition to ballot measures of importance to education.

The Board's positions shall be publicized only through normal district procedures for reporting Board actions and in a manner that does not attempt to influence voters.

(cf. 9323 - Meeting Conduct)

No district funds, services, supplies or equipment shall be used to urge the support or defeat of any ballot measure or candidate, including any candidate for election to the Board. (Education Code 7054)

District resources shall not be used to disseminate campaign literature or to purchase advertisements, bumper stickers, posters or similar promotional items that advocate an election result.

(cf. 1325 - Advertising and Promotion)

The Superintendent or designee may use district resources to provide students, parents/guardians and community members with fair and impartial information related to ballot measures, including information about the impact of ballot measures on the district. (Education Code 7054)

In preparing or distributing such information, the Superintendent or designee shall ensure that the totality of the circumstances, including language, style, tenor and timing, does not expressly advocate passage or defeat of a measure or candidate.

The Superintendent or designee may research, draft and prepare a bond measure or other initiative for the ballot, but shall not use district resources to secure signatures in order to qualify the measure for the ballot.

Community Relations

Upon request, Board members and district administrators may appear at any time before a citizens' group to explain why the Board called for an election on a bond measure and to answer questions. (Education Code 7054.1)

If the presentation occurs during working hours, the district representative shall not urge a citizens' group to vote for or against the bond measure.

For informational purposes, the Superintendent or designee may conduct a poll related to a ballot issue. Such a poll shall not advocate a particular position on the issue.

Legal Advocacy

The Board recognizes that some issues are more appropriately addressed judicially rather than legislatively. When a legal issue is likely to set a state or national precedent, the district may join with other districts or parties in order to challenge the issue through litigation or other appropriate means.

(cf. 9124 - Attorney)

Forums on political issues may be held in district facilities as long as the forum is made available to all sides of the issue on an equitable basis. (Education Code 7058)

The membership of citizen advisory committees should represent the diversity of the community and a diversity of viewpoints. With Board approval, the Superintendent or designee may appoint committee members.

The Superintendent or designee shall provide training and information as necessary to enable committee members to understand the basic administrative structure, program processes, and goals of the committee.
