

CHARTER SCHOOL RENEWAL

The Governing Board believes that the ongoing operation of a charter school should be dependent on the school's effectiveness in achieving its mission and goals for student learning and other student outcomes. Whenever a charter school submits a petition for renewal of its charter, the Board shall review the petition in a thorough and timely manner. The Board shall consider renewal petitions only of charters originally authorized by the Board itself or by the State Board of Education on appeal after initial denial by the Board.

(cf. 0420.4 - Charter School Authorization)

(cf. 0420.41 - Charter School Oversight)

(cf. 0420.43 - Charter School Revocation)

(cf. 0500 - Accountability)

The Board shall deny the renewal petition of any charter school operated as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Education Code 47604)

When a charter school, concurrently with its renewal petition, proposes to expand operations to one or more additional sites or grade levels, the charter school shall request a material revision to its charter. The material revision may be made only with the approval of the Board and in accordance with the standards and criteria in Education Code 47605 for material revisions. (Education Code 47607)

The Board recommends that a charter school submit its petition for renewal to the Board sufficiently early before the expiration of the term of the charter to allow the Board's deliberations and decision on the renewal petition to be completed with minimal disruption to the charter school's educational program in the renewal year.

The Board recommends that a charter school submit its petition for renewal to the Board sufficiently early before the expiration of the term of the charter to allow the Board's deliberations and decision on the renewal petition to be completed with minimal disruption to the charter school's educational program in the renewal year.

The petition for renewal shall include a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed. (Education Code 47607; 5 CCR 11966.4)

Criteria for Granting or Denying Renewals

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605. However, a charter renewal shall not be denied based on the fiscal impact of the charter school on the district or finding that the charter school is unlikely to serve the interest of the entire community in which the school is located as described in Education Code 47605.

The signature requirement for charter authorization petitions is not applicable to petitions for renewal. (Education Code 47607)

In determining whether to grant a charter renewal, the Board shall review both schoolwide performance of numerically significant student subgroups of on the state and local indicators included in the California School Dashboard, giving greater weight to performance on measurements of academic performance. If the Dashboard indicators, such as data from the California Assessment of Student Performance and Progress, or any successor system, for the most recent academic year. (Education Code 47607)

Following the Board's review, a renewal of the charter petition may be granted in accordance with a three-tiered system based on school performance, as follows:

1. Renewal of Five to Seven Years

A renewal shall be granted for a period of five to seven years to a charter school that is not eligible for technical assistance pursuant to Education Code 47607.3 and that, for two consecutive years immediately preceding the renewal, achieved either of the following: (Education Code 47607)

- a. Received the two highest performance levels schoolwide on all the state indicators included in the Dashboard for which the charter school receives performance levels
- b. For all measurements of academic performance, received performance levels schoolwide that are the same or higher than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average

Criteria for Granting or Denying Renewals

2. Renewal of Five Years

- a. A renewal shall be granted for five years if clear and convincing evidence, demonstrated by verified data, shows either of the following: (Education Code 47607.2)
 - (1) Measurable increases in academic achievement, as defined by at least one year's progress for each year in school
 - (2) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers
- b. For any such charter school, the Board may deny the renewal petition upon making written factual findings that the charter school failed to meet or make sufficient progress toward meeting standards that provide a benefit to students at the school, that the closure of the charter school is in the best interest of students, and that the Board's decision provided greater weight to performance on measurements of academic performance. (Education Code 47607.2)

3. Denial with Option for Two-Year Renewal
 - a. The Board shall generally not renew a charter if, for two consecutive years immediately preceding the renewal decision, either of the following applies: (Education Code 47607.2)
 - (1) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the Dashboard for which it receives performance levels.
 - (2) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.
 - b. However, the Board may grant a two-year renewal to any such charter school if the Board makes written factual findings, setting forth specific facts to support the findings, that:
 - (1) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.
 - (2) There is clear and convincing evidence, demonstrated by verified data, showing achievement of the criteria specified in item #2a above

Criteria for Granting or Denying Renewals

In addition to all the grounds stated above for denial of a charter renewal, the Board may deny renewal of a charter upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or a finding that the school is not serving all students who wish to attend. When denying a charter renewal for either of these reasons, the Board shall provide the charter school at least 30 days' notice of the alleged violation and a reasonable opportunity to cure the violation, including the submission of a proposed corrective action plan. The renewal shall be denied if the Board finds either that the corrective action proposed by the charter school has been unsuccessful or that the violations are sufficiently severe and pervasive as to render a corrective action plan unviable. Any finding that a school is not serving all students who wish to attend shall specifically identify the evidence supporting the finding. (Education Code 47607)

A charter school that is eligible for the state's Dashboard Alternative School Status shall not be subject to any of the above criteria. Instead, in determining whether to grant a charter renewal for such a charter school, the Board shall consider, in addition to the charter school's performance on the state and local indicators included in the Dashboard, the charter school's performance on alternative metrics applicable to the charter school based on the student population served.

Philosophy, Goals, Objectives and Comprehensive Plans

BP 0420.42 (d)

The Board shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered and shall notify the charter school of the alternative metrics to be used within 30 days of this meeting. The Board may deny a charter renewal only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of students. (Education Code 47607)

Timelines for Board Action

Criteria for Granting or Denying Renewals

Timelines for Board Action

Within 60 days of receiving the renewal petition, the Board shall hold a public hearing to review documentation submitted by the charter school and obtain public input. A petition is deemed received on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. (Education Code 47605)

Criteria for Granting or Denying Renewals

The Board shall either grant or deny the charter a renewal within 90 days of receiving the petition or within 120 days with consent of both the petitioner and the Board. (Education Code 47605).

At least 15 days before the public hearing at which the Board will grant or deny the charter petition, the Board shall publish all staff recommendations and recommended findings regarding the petition. During the public hearing, petitioners shall have equal time and opportunity to present evidence and testimony to respond to the staff recommendations and findings. (Education Code 47605)

If the Board fails to make a written factual finding pursuant to items #1-5 in the following section "Criteria for Granting or Denying Renewal" above within the required time period, the absence of a written factual finding shall be deemed an approval of the renewal petition. (5 CCR 11966.4)

The Superintendent or designee shall provide notification to the California Department of Education, within 10 calendar days of the Board's action, whenever a renewal of the charter is granted or denied. (Education Code 47604.32; 5 CCR 11962.1)

If the Board denies a renewal petition, the charter school may submit its application for renewal to the County Board of Education within 30 days of the Board's written factual findings supporting the denial. (Education Code 47605, 47607.5)

Philosophy, Goals, Objectives and Comprehensive Plans

BP 0420.42 (e)
