ACCOUNTABILITY

The Board shall regularly review the effectiveness of the district's programs, personnel, and fiscal operations, with a focus on the district's effectiveness in improving student achievement. The Board shall establish appropriate processes and measures to monitor results and to evaluate progress toward accomplishing the district's vision and goals.

The district and each district school shall demonstrate comparable improvement in academic achievement, as measured by the API, for all numerically significant student subgroups. Numerically significant subgroups include ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, and foster youth, when the subgroup consists of at least 30 students with a valid test score or 15 foster youth. Evaluation results may be used as a basis for revising district or school goals, updating the LCAP or other comprehensive plans, identifying and developing strategies to address disparities in achievement among student subgroups, implementing programmatic changes, determining the need for additional support and assistance, awarding incentives or rewards, and establishing other performance-based consequences.
