2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Profile: The Orcutt Academy Charter School is a grades TK-12 charter school that was founded and is governed by the board of trustees of the Orcutt Union School District. The high school (grades 9-12) is situated in the semi-rural community of Orcutt, an unincorporated area immediately south of Santa Maria. The K-8 campus is located in the town of Los Alamos, approximately 15 miles south of Orcutt. Both campuses, transitional kindergarten through 12th grade, are fully accredited by the Western Association of Schools and Colleges (WASC).

Mission Statement:

The mission of the Orcutt Academy is to create a learning community that values the application of academic learning in the “real world” while promoting intercultural understanding and respect for others. The creation of new knowledge is encouraged and expected, thereby equipping graduates for successful academic and workforce experiences ... as lifelong learners.

The Orcutt Academy's Schoolwide Learner Outcomes (SLOs):

Generate strong relationships. OA students will capitalize on a nurturing, inclusive environment to build strong relationships with each other and with staff.

Refine academic and life skills. OA students will develop and apply academic and life skills. OA will provide high academic expectations and rigor while also providing timely interventions to ensure the success of all students.

Exhibit a plan for the future. OA will prepare its students for college and career success. Students will graduate with a plan for postsecondary success that reflects individual goals and interests.

Attitude rooted in responsibility and character. OA students are challenged to make moral and ethical decisions and to give back to their community.

Total connection with school. OA students become affiliated with the school through involvement in a variety of extracurricular and cocurricular activities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Orcutt Academy are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 8, 2021, the Orcutt Union Elementary's Board held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 5 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. The principal communicates with the custodial staff daily concerning maintenance and school safety issues. Every morning before school begins, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

In November 2016, district voters approved a school bond measure that will be utilized in the years to come for repairs, modernization, and improvements to facilities. As of this writing, the bond has funded perimeter fencing at the K-8 and high school sites, cafeteria modernization at the K-8 site, and the modernization and reconfiguration of the office complex at the high school.

One day custodian and one day custodian are assigned to Orcutt Academy K-8 and Orcutt Academy High School campuses.

The day custodian is responsible for:

- Cafeteria setup/cleanup
- Grounds-keeping
- Restroom cleaning
- Office cleaning

Restrooms and high touch areas are checked throughout the day for cleanliness and subsequently cleaned and disinfected as needed.

The evening custodian is responsible for:

- Classroom cleaning
- Restroom cleaning
- Office cleaning
- Regular disinfecting

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

During the 2020-2021 school year, Orcutt Academy High School did not have any CTE courses offered. During the 2021-2022 school year, OAHS launched a CTE pathway in the industry of Information Communications and Technology. The pathway started with an AP Computer Science Principles course and will evolve to include a second course (to be determined) in 2022-2023. Meantime, Orcutt Academy High School has worked closely with Allan Hancock Community College to establish concurrent enrollment for selected OAHS courses; this gives students college credit for taking high school classes. In addition, OAHS is working with Allan Hancock on an Early College Cadre option for students to begin in 2022-2023.

2020-21 Career Technical Education (CTE) Participation

2019-2020 Graduates Who Completed All Courses Required for UC/CSU Admission	56.0

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Our school recognizes parents as valuable partners in the success of our students. Our K-8 campus has a required parent conference in the fall at which time teachers meet with parents to establish and review goals for the year, discuss academic progress, and take up any other pertinent topics. Our high school has evenings in the fall and spring in which parents may visit the campus to meet with teachers.

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, helping with extracurricular activities (clubs, sports, ASB), participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through email, telephone all call, the school website, weekly school newsletters, school bulletin boards, and classroom websites. Contact the school's main office (OAK-8, 805-960-5530, and OAHS, 805-938-8550) for more information on how to become involved in your child's learning environment.

Opportunities to Volunteer:

- Chaperone (High School)
- Athletic events (High School)
- Science/math Events (High School)
- Library set-up (High School)
- Art and choir shows (High School)
- Robotics competitions/Events (High School)
- Electives (K-8)
- Field trips (K-8)
- School garden (K-8)

Committees:

- Parent Teacher Student Association (PTSA)
- School Advisory Council (SAC)
- Supporting Orcutt Academy's Academic Resources Foundation (SOAAR)
- OAHS Athletic Boosters
- Spartatroniks Foundation
- Orcutt Children's Arts Foundation

School Activities:

- College/Career Day
- Back to School Night
- Open House/Spartan Showcase
- Sports events
- ASB dances
- Harvest Festival

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

A Safe Schools Plan for each Orcutt Academy campus has been updated and discussed with staff (most recently in January 2021, with an update scheduled for January 2022). Emergency flipcharts and backpacks have been updated or replenished and distributed to every classroom. An emergency exit map is posted in every room. Staff have responsibilities on site emergency teams. Sites have regular drills to allow students and staff to practice responses to a range of possible situations, including fire, earthquake, intruder, and more.

Orcutt Academy places a high priority on maintaining a safe and supportive campus environment. Orcutt Academy Student Handbooks clearly outline behavioral expectations and the consequences for violations. The book is reviewed and updated annually by principals and staff.

Campus safety at the K-8 and high school sites has been improved by the addition of perimeter fencing and gates funded by Measure G, a school bond measure approved by Orcutt Union School District voters in November 2016. The fencing and gates enable the campuses to be secured during the school day.

Professional Development

Investing in the continued growth and quality of our staff is one of the most important things we can do to improve the achievement of our students. This year, an emphasis for the school and district has been continued teacher training in best practices for initial classroom instruction and follow-up academic intervention in English/language arts and mathematics. The Orcutt Union School District has scheduled time for teachers to meet in Professional Learning Communities to take up these topics, and Orcutt Academy teachers are full participants in this. In addition, staff from Orcutt Academy have participated in site and district-led professional development on Professional Learning Communities, Multi-tiered Systems of Support, Social Emotional Well-Being, Trauma-Informed Practice in Schools, Distance Learning Best Practices, Safety During COVID Times, and Positive Behavioral Interventions & Supports.

This table displays the number of school days dedicated to staff development and continuous improvement.
