Grade	G-O	1:15-2:15 p.m.
Times	P-Z	2:15-3:15 p.m.

For the 2022-2023 school year, all parents need to log in to the Aeries Parent Portal to confirm their child's emergency information. We are asking parent to confirm information through the portal instead of sending home paperwork to make sure addresses, phone numbers, emails, medical information, etc. are correct. You will also be asked to look over our school handbook and other important documents. After you finish confirming your information, you will be instructed to print out a form and sign it. You will bring this form with you to Trojan Trek. This Data confirmation module usually opens the last week of July, and will be available until the first day of school. Note: You will also use this portal to log into see who your child's first period teacher is, the day before school starts. Parents and students need to bring in their data confirmation form with them to Trojan Trek. School staff will take the form and give out the student's schedule of classes. Book pickup, chromebook pickup, and school pictures will take place after receipt of the form. The goal is to get everything done before school starts! If you have any trouble completing data confirmation, or printing the data confirmation form, please come to Trojan Trek anyway and someone will assist you.

*We look forward to seeing you on August 5th!*
