### **ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS**

The Governing Board believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should have an opportunity to participate in the educational program.

*(cf. 5113 - Absences and Excuses)*

*(cf. 5113.1 - Chronic Absence and Truancy)*

Any medication prescribed for ~~any~~ student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973, shall be administered in accordance with the student's individualized education program or Section 504 services plan, as applicable.

*(cf. 6159 - Individualized Education Program)*

*(cf. 6164.6 – Identification and Education Under Section 504)*

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing a parent/guardian to administer medication to his/her child at school, designate other individuals to do so on his/her behalf, and, with the child's authorized health care provider's approval, request the district's permission for his/her child to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

*(cf. 1250 – Visitors/Outsiders)*

*(cf. 5141 - Health Care Emergencies)*

*(cf. 5141.22 - Infectious Diseases)*

School nurses and other designated school personnel shall administer medications to students in accordance with law, Board policy, administrative regulation, and, as applicable, the written statement provided by the student's parent/guardian and authorized health care provider.
