ADVANCED PLACEMENT

To encourage students to challenge themselves academically, develop college-level skills, and be more competitive when applying for admission to postsecondary institutions, the Board of Trustees shall offer to high school students to take Advanced Placement (AP) courses and pass AP examinations.

(cf. 0200 - Goals for the School District)
(cf. 6172.1 - Concurrent Enrollment in College Classes)

The Board desires to provide at least four AP courses at each high school. The Superintendent or designee shall recommend subject areas for AP courses at each school based on student interest and the availability of qualified certificated staff, instructional materials, and other resources. The Superintendent or designee shall also explore alternative methods of delivering AP courses, such as online courses or distance learning.

The Superintendent or designee may consult and collaborate with feeder schools to ensure that students are offered the opportunity to take coursework that will prepare them for AP courses.

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6143 - Courses of Study)

All students who meet course prerequisites shall have equal access to AP courses.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Grades for AP courses shall be assigned in accordance with Board policy and administrative regulation.

(cf. 5121 - Grades/Evaluation of Student Achievement)

The Superintendent or designee shall make efforts to encourage students to participate in AP courses and to take end-of-course AP exams by creating support systems for AP students, such as resource centers and programs to recognize student accomplishments. In addition, the Superintendent or designee shall explore partnerships with colleges and universities to help encourage students to pursue postsecondary education.

(cf. 5126 - Awards for Achievement)
(cf. 6164.2 - Guidance/Counseling Services)

To increase the capacity of district schools to offer AP courses, the Superintendent or designee shall provide staff development and support to AP teachers. This professional development may include, but is not limited to, opportunities for teachers to obtain information on the curriculum of specific courses, instructional methods, and data-driven decisions making; mentoring for prospective teachers of AP courses; and opportunities for staff within the district to share course syllabi and practices.

(cf. 4111 - Recruitment and Selection)

(cf. 4113 - Assignment)

(cf. 4131 - Staff Development)

The Board desires that every district AP course receive authorization to use the AP designation by the College Board. To that end, the Superintendent or designee shall coordinate the process for submitting courses for approval as part of the AP course audit.

Examination Fee

To the extent feasible, the district shall reduce the cost of AP examination fees for eligible low-income students. At the beginning of each school year, the Superintendent or designee shall notify parents/guardians of the availability of funds for this purpose and shall provide information on how income-eligible students may apply for funding.
