Dear Parent(s)/Guardian(s):

Parent Signature:_

The district needs your help in complying with the requirements of California's Public School's Accountability Act (PSAA). To accurately compare and rank all of California's schools, the state is **requiring** all districts to ask parent(s)/guardian(s) to assist with the information below. Please be assured, only group information will be reported. Individual confidentiality will be maintained. If we do not accurately reflect the information below, our schools could be falsely compared with other schools in the state. Your assistance will ensure the accuracy of all responses. It is the district's position that only you can accomplish this task.

The fields marked by an asterisk(*) are required.

OUSD Technology Acceptable Use Policy

Orcutt Union School District (OUSD) believes staff and students should have open access to local, national and international sources of information. The goal of providing this access is to promote educational excellence by facilitating resource sharing, innovation, and communication. The District, by providing access to electronic services via the Internet, recognizes the potential of such services to support curriculum and student learning. While the Internet offers students and teachers access to a variety of information, the District recognizes misuse and abuse are possible. The District will make every effort to protect students and teachers from these misuses and abuses, but it is the responsibility of each user to continuously guard against inappropriate and illegal interaction with the electronic services. OUSD is taking all reasonable steps to ensure the Internet is used only for purposes consistent with teaching and learning.

Currently, OUSD student email accounts can only be used to communicate with students, teachers and/or administrators within the school site. All student emails are scanned for appropriate language. If an inappropriate word is identified, the email will be immediately forwarded to the principal. In addition, student emails are archived so that they may be retrieved at any time if there is a concern.

Students are responsible for all activity while accessing and utilizing the school's computer resources (devices and network). The safe and responsible use of the Internet is of utmost importance to the District. While at school, students are protected from potentially dangerous and inappropriate content through the District's network filter. The District does not provide these protections outside of the District. It is the parent/guardian's responsibility to supervise the information that a student is accessing from the Internet outside of the District network. Students must abide by the rules outlined in this document. Unacceptable conduct includes, but is not limited to, the following:

- 1. Using the Internet for any illegal activity, including violation of copyright or other contracts.
- 2. Vandalizing the data of other users.
- 3. Gaining unauthorized access to resources or entities.
- 4. Invading the privacy of individuals.
- 5. Using an account owned by another without authorization.
- 6. Posting personal communications without the author's consent.
- 7. Posting anonymous messages.
- 8. Placing unlawful information on a system.
- 9. Using abusive or otherwise objectionable language in either public or private messages.
- 10. Sending messages that are likely to result in the loss of the recipient's work or disrupting systems; for example, a computer virus.
- 11. Sending 'Chain Letters' or 'Broadcast' messages to lists or individuals, or other types of communication, which would cause congestion of the networks.
- 12. Using the Internet to send/receive messages and images, which are inconsistent with the District's curriculum and conduct guidelines. These include, but are not limited to, racist, sexist, pornographic, dangerous and obscene messages and/or images.

Orcutt Union School District makes no guarantee of any kind for the Internet service provided to the student. The District will not be responsible for any damages claimed or suffered by any child or parent relating to the use of the Internet. This includes the child's exposure to materials a parent otherwise would have a right of notice and/or consent to pursuant to state or federal law. Use of any information obtained via the Internet is at the students' and parents' own risk.

Orcutt Union School District believes that the benefits to educators and students from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their students should follow.

School computer systems are for use by authorized individuals only. Any unauthorized access to these systems is prohibited and is subject to criminal and civil penalties. Individuals using these systems are subject to having all activities on these systems monitored by the system or school personnel. Anyone using these systems expressly consents to such monitoring. Prosecution and/or account termination may occur without warning.

It is possible for all users of the Internet (including your student) to access information intended for adults. Although OUSD has taken all reasonable steps to ensure the Internet connection is used only for the purposes consistent with the curriculum and instruction, the District or School cannot prevent the available, or even begin to identify, inappropriate material elsewhere on the Internet. Computer security cannot be made perfect, and it is likely that a determined student can make use of computer resources for inappropriate purposes.

ACKNOWLEDGEMENT/AGREEMENT

We have read and understood all the guidelines and policies regarding the appropriate use of technology and internet at Orcutt Union School District. We acknowledge our responsibility in the care of the District issued device our student receives along with other curricular materials. We also accept that a breach of the District Technology Acceptable Use Policy may result in loss of network and/or device privileges and may be subject to disciplinary actions including suspension or expulsion. Messages or actions relating to or in support of illegal activities will be reported to law enforcement.

In order to provide a safe and healthy environment for your child, this *confidential* information will be accessible to the nursing staff, applicable school staff and emergency medical personnel. It may be shared electronically, verbally and/or in writing, unless I provide a written request. If parent/guardian cannot be be reached at the time of a medical emergency, and if immediate care is urgent in the judgement of school authorities, I authorize the school contact emergency services. *California Education Code 49423* requires a written authorization form be completed each school year for prescription or over the counter medication to be administered at school. All medications must be brought to school by a parent or guardian. Para tener un ambiente seguro y saludable para su hijo, esta información *confidencial* será compartida por el personal de enfermería, personal de la escuela applicable y personal de emergencia médica. Esta será compartida electrónicamente, verbal y/o por escrito, al menos que haya una solicitud por escrita. Si el padre/tutor no se encuentra en caso de una emergencia médica, y el cuidado inmediato es urgente, juzgado por las autoridades escolares, yo doy mi autorización de que la escuela contacte a servicios de emergencia. Código 49423 de la Educación de California requiere que la forma de autorización escrita sea completada cada año escolar para medicamentos con o sin receta para ser administradas en la escuela. Padres o tutores deben traer todos los medicamentos a la escuela.

Please sign and date below and return to the school office (Favor de firmar y poner la fecha y regrese a la oficina de la escuela).

27, Chapter 6.5 of the California Education Code, beginning at Section 49060 et seq.; the California Information Practices Act (California Civil Code Section 1798 et seq.) and

Article 1, Section 1 of the California Constitution. Orcutt Union School District is an equal opportunity provider.

Who should I include in "Household Size"?

You must include yourself and all people living in your household, related or not (for example, children, grandparents, other relatives, or friends) who share income and expenses. If you live with other people who are economically independent (for example, who do not share income with your children, and who pay a pro-rated share of expenses), do *not* include them.

What is included in "Total Household Income"? Total Household Income includes all of the following:

- **Gross earnings from work:** Use your gross income, not your take-home pay. Gross income is the amount earned before taxes and other deductions. This information can be found on your pay stub or if you are unsure, your supervisor can provide this information. Net income should only be reported for self-owned business, farm, or rental income.
- Welfare, Child Support, Alimony: Include the amount each person living in your household receives from these sources, including any amount received from CalWORKs.
- Pensions, Retirement, Social Security, Supplemental Security Income (SSI), Veteran's benefits (VA benefits), and disability benefits: Include the amount each person living in your household receives from these sources.
- All Other Income: Include worker's compensation, unemployment or strike benefits, regular contributions from people who do not live in your household, and any other income received. Do not include income from CalFresh, WIC, federal education benefits and foster payments received by your household.
- Military Housing Allowances and Combat Pay: Include off-base housing allowances. Do not include Military Privatized Housing Initiative or combat pay.
- Overtime Pay: Include overtime pay ONLY if you receive it on a regular basis.

How do I report household income for pay received on a monthly, twice per month, b-weekly, and weekly basis?

- Determine each source of household income based on above definitions. Households that receive income at different time intervals must annualize their income as follows:
 - If paid monthly, multiply total pay by 12
 - o If paid twice per month, multiply total pay by 24
 - o If paid bi-weekly (every two weeks), multiply total pay by 26
 - o If paid weekly, multiply total pay by 52
- Add all annualized pay together to determine the total annual household income entered in Part II, 2.

If your income changes, include the wages/salary that you regularly receive. For example, if you normally make \$1,000 each month, but you missed some work last month and made \$900, put down that you made \$1,000 per month. Only include overtime pay if you receive it on a regular basis. If you have lost your job or had your hours or wages reduced, enter zero or your current reduced income.

For additional information on Household Size and Gross Household Income, please see the Eligibility Manual for School Meals on the U.S. Department of Agriculture Guidance and Resource Web page at http://www.fns.usda.gov/cnd/guidance/default.htm.

IMMUNIZATION REQUIREMENTS FOR GRADES 1-12

Polio

4 doses – 3 is acceptable if one was given after 4th birthday

Diphtheria, Tetanus, and Pertussis

DTP or any combination of DTP, DTaP/Tdap with DT or Td

5 doses – 4 is acceptable if one was given after 4th birthday

3 is acceptable if one was given after 7th birthday

Note: for 7th – 12th graders, at least 1 dose of pertussis containing vaccine is required on or after 7th birthday.

Measles, Mumps, Rubella (MMR Vaccine)

2 doses - Only doses on or after 1st birthday

Hepatitis B

3 doses

Varicella

2 doses

If your child's immunizations are incomplete, please contact your primary care physician.

The Santa Barbara County Public Health Department administers immunizations to uninsured families by *appointment only*.
