2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Patterson Road Elementary School is located in the northern region of Santa Barbara County and serves students in grades kindergarten through six following a traditional calendar. For the 2021-2022 school year, 602 students are enrolled, including 14% in special education, 2% classified as English Language Learners, and 36% qualifying for free or reduced price lunch.

Patterson Road Elementary School Mission:

To serve the unique academic, physical, social, and emotional needs of students in order to provide each student with the highest quality education, inspire a passion for learning, and make meaningful connections that propel children to become lifelong learners.

Patterson Road Elementary School Vision:

At Patterson Road School, we envision a limitless academic journey for our students, fueled by unwavering belief in their potential and a commitment to their individual success. We reject all excuses that may hinder the maximization of this potential. As members of the Patterson Road community, our dedicated staff stand united in structured collaboration, pooling our expertise to meet the diverse needs of every student. We hold a firm belief that every student possesses the capacity for academic proficiency across all subjects.

We see collaboration as the cornerstone to heightening student success and achievement. Our collective efforts are geared towards overcoming the unique challenges students face, employing targeted instruction to elevate their intellectual capabilities for rigorous academic pursuits. With open communication and a team approach, we address these challenges head-on, fostering a positive, safe environment within our school community. Here, students are encouraged, recognized, and celebrated for their character, academic achievements, and consistent attendance.

We firmly believe that the driving force behind our school's success lies in the seamless collaboration of our administration, teachers, staff, students, parents, and the broader community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Patterson Road Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Wednesday, September 14, 2022, the Orcutt Union Elementary's Board held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 4 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. Orcutt Union Elementary did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. The principal communicates with the custodial staff daily concerning maintenance and school safety issues. A work order process is used by school and district staff to communicate non-routine maintenance requests. Every morning before school begins, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Patterson Road Elementary School.

The day custodian is responsible for:

- Cafeteria/Multi-Use Room setup/cleanup
- Restroom cleaning
- Grounds-keeping

Restrooms and high touch areas are checked throughout the day for cleanliness and subsequently cleaned and disinfected as needed.

The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Regular disinfecting

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At the heart of our success is the active involvement of parents in their child's learning journey. We wholeheartedly encourage parents to become an integral part of the school experience by volunteering in classrooms, joining decision-making groups, and attending our exciting school events.

Communication is key, and we ensure parents stay well-informed about upcoming events and school activities through various channels, including email, the school marquee, newsletters, the school website, and our online platform, ParentSquare.

Volunteer opportunities abound on the Patterson Road campus, offering parents a chance to make a meaningful impact. From chaperoning field trips and assisting in classrooms to participating in PTA-sponsored activities, joining Watch D.O.G.S. (Dads of Great Students), enjoying family fun nights, and contributing to Campus Beautification Projects, there are numerous ways to get involved.

We invite parents to take on leadership roles by serving on committees such as the English Learner Advisory Council, District English Learner Advisory Council, Parent Teacher Association (PTA), and School Site Council. Your valuable input shapes the decisions that make our school community strong and vibrant.

Participation in school activities is not just encouraged; it's celebrated! From Back to School Night and the Spring Festival to Family "Fun" Nights, Open House, Book Fairs, Jog-A-Thon, Family Movie Nights, and Family Bingo Night, there's an event for every family to enjoy throughout the year. We extend a warm invitation to attend academic activities like parent education nights, Parent-Teacher Conferences held twice per year, and our Back to School Night in the Fall and Open House in the Spring.

Professional Development

Patterson Road Elementary School supports ongoing professional growth throughout the year. All training and curriculum development activities at Patterson Road Elementary School revolve around the California State Content Standards and Frameworks. During the staff development days in 2022-2023 school year, Patterson Road Elementary School held staff development days devoted to:

- * Intervention Strategies
- * Positive Behavior Interventions & Supports
- *Social Emotional Support Activities

Decisions concerning selection of staff development activities are performed by the principal and grade-level representatives using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Patterson Road Elementary School supports ongoing professional growth throughout the year through weekly PLC grade level collaboration time. Teachers meet in both grade-level and department-level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

Staff members had the opportunity to participate in targeted professional growth opportunities to support academic achievement and social/emotional learning for all students and specific sub-groups. These opportunities were offered after school by the TOSA team and educational consultants. All district staff attended presentations on how to support students through the transition from distance to in-person learning and trauma informed practices. The district also provided on-going staff development focused on building mathematical conceptual understanding and procedural fluency.

Patterson Road Elementary School offers support to new and veteran teachers through peer coaching and mentoring. All staff are encouraged to attend professional workshops and conferences. Instructional Aides and hourly certificated teachers are provided targeted training focused on teaching strategies, safety, intervention methods and/or curriculum content. Substitute teachers are invited to participate in designated staff development activities. Classified support staff receive job-related training from department supervisors and district representatives.
