ORCUTT UNION SCHOOL DISTRICT
Orcutt, California

NONDISCRIMINATION IN EMPLOYMENT

The Governing Board is determined to provide a safe, positive environment where all district employees are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. For purposes of this policy employees include job applicants, interns, volunteers, and persons who contracted with the district to provide services, as applicable.

No district employee shall be discriminated against or harassed by any coworker, supervisor, manager, or other person with whom the employee comes in contact in the course of employment, on the basis of the employee's actual or perceived race, color, ancestry, national origin, age, religious creed, marital status, pregnancy, physical or mental disability, medical condition, genetic information, veteran or military status, gender, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics.

The district shall not inquire into any employee's immigration status nor discriminate against an employee on the basis of immigration status, unless there is clear and convincing evidence that the district is required to do so in order to comply with federal immigration law. (2 CCR 11028)

Discrimination in employment based on the characteristics listed above is prohibited in all areas of employment and in all employment-related practices, including the following:

1. Hiring, compensation, terms, conditions, and other privileges of employment
2. Taking of an adverse employment action, such as termination or the denial of employment, promotion, job assignment, or training
3. Unwelcome conduct, whether verbal, physical, or visual, that is so severe or pervasive as to adversely affect an employee's employment opportunities, or that has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive work environment
4. Actions and practices identified as unlawful or discriminatory pursuant to Government Code 12940 or 2 CCR 11006-11086, such as:
 - a. Sex discrimination based on an employee's pregnancy, childbirth, breastfeeding, or any related medical condition or on an employee's gender, gender expression, or gender identity, including transgender status
 - b. Religious creed discrimination based on an employee's religious belief or observance, including religious dress or grooming practices, or based on the district's failure or refusal to use reasonable means to accommodate an employee's religious belief, observance, or practice which conflicts with an employment requirement.
 - c. Requiring medical or psychological examination of a job applicant, or an inquiry into

NONDISCRIMINATION IN EMPLOYMENT

- whether a job applicant has a mental or physical disability or a medical condition or as to the severity of any such disability or condition, without the showing of a job-related need or business necessity
- d. Failure to make reasonable accommodation for the known physical or mental disability of an employee or to engage in a timely, good faith, interactive process with an employee who has requested such accommodations in order to determine the effective reasonable accommodations, if any to be provided to the employee.
 - e. Requiring an applicant or employee to disclose information relating to the employee's reproductive health decisionmaking

The Board also prohibits retaliation against any district employee who opposes any discriminatory employment practice by the district or its employees, agents, or representatives or who complains, reports an incident, testifies, assists, or in any way participates in the district's complaint process pursuant to this policy. No employee who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940; CCR 11028)

No employee shall, in exchange for a raise or bonus or as a condition of employment or continued employment, be required to sign any document that releases the employee's right to file a claim against the district or to disclose information about harassment, discrimination, or other unlawful acts in the workplace, including any conduct that the employee has reasonable cause to believe is unlawful. (Government Code 12964.5)

Complaints concerning employment discrimination or harassment or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment, including harassment of an employee or nonemployee, shall report the incident to the Superintendent or designated coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately

The Superintendent or designee shall use all appropriate means to reinforce the district's nondiscrimination policy, including providing training and information to employees about how to recognize harassment, discrimination, or other prohibited conduct, how to respond appropriately, and components of the district's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the district's employment practices and, as necessary, shall take action to ensure district compliance with the nondiscrimination laws.

Any district employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

The district shall maintain and preserve all applications, personnel, membership, or employment

DISMISSAL/SUSPENSION/DISCIPLINARY ACTION

The Governing Board expects all employees to perform their jobs satisfactorily and to exhibit professional and appropriate conduct. A classified employee may be disciplined for unprofessional conduct or unsatisfactory performance in accordance with law or any applicable collective bargaining agreement, Board policy, or administrative regulation.

Disciplinary actions shall be based on the particular facts and circumstances involved and the severity of the employee's conduct or performance.

The Superintendent or designee shall ensure that disciplinary actions are taken in a consistent, nondiscriminatory manner and are appropriately documented. In addition, an employee shall not be suspended, disciplined, reassigned, transferred, dismissed, or otherwise retaliated against solely for engaging in protected activities, or for acting to protect a student engaged in exercising any free speech or press right authorized by, or for refusing to infringe upon a student's conduct protected pursuant to, Education Code 48907 or 48950.

Disciplinary actions may include, but are not limited to, verbal and written warnings, involuntary reassignment, demotion, suspension or leave without pay, reduction of wages or dismissal.

A probationary classified employee may be dismissed without cause at any time before the probationary period expires.

Permanent classified employees shall be subject to disciplinary action only for cause as specified in the accompanying administrative regulation. (Education Code 45113)

Procedures for Serious Disciplinary Proceedings

The Superintendent or designee shall develop disciplinary procedures for use when dismissal, suspension, demotion, involuntary reassignment, or other serious disciplinary action is contemplated against an employee. The procedures for such discipline shall include an opportunity for an employee for whom any such disciplinary action is recommended to meet with, or respond in writing to, a designated district official ("Skelly officer") who will determine whether the recommended discipline should proceed further or be modified or withdrawn.

After meeting with the employee or considering the employee's written response, if the Skelly officer determines that the recommended discipline should proceed, the Superintendent or designee shall send the employee a notice of the recommended disciplinary action, a statement of charges, and the results of the Skelly review process. The notice shall include a statement advising the employee of the right to request a Board hearing on the matter. (Education Code 45113, 45116)

Personnel

DISMISSAL/SUSPENSION/DISCIPLINARY ACTION

If the employee fails to request a hearing within the time specified in the notice, the employee is deemed to have waived the right to do so, and the Board may order the recommended disciplinary action into effect immediately.

If a timely request is submitted, a hearing shall be conducted by the Board or by a third-party hearing officer, in accordance with law. (Education Code 45113, 45312)

A classified employee who timely requests a hearing may only be suspended, demoted, or dismissed pending the outcome of the hearing in accordance with Education Code 45113 and as specified in the accompanying administrative regulation.

The hearing shall be held at the earliest convenient date, taking into consideration the established schedule of the Board and the availability of legal counsel and witnesses. The employee shall be notified of the time and place of the hearing.

The hearing shall be held in closed session unless the employee requests that the matter be heard in an open session meeting. (Government Code 54957)

The employee shall be entitled to appear personally, produce evidence, and be represented by legal counsel.

The Board may use the services of its legal counsel in ruling upon procedural questions, objections to evidence, and issues of law. The Board may review and consider the records of any prior personnel action proceedings against the employee in which disciplinary action was ultimately sustained, and any records contained in the employee's personnel files and introduced into evidence at the hearing. The Board shall not be bound by rules of evidence used in California courts. Informality in any such hearing shall not invalidate any order or decision made by the Board.

At any time before a matter is submitted to the Board for decision, the Superintendent or designee may, with the consent of the Board, serve on the employee and file with the Board an amended or supplemental recommendation of disciplinary action. If the amended or supplemental recommendation includes new causes or allegations, the employee shall be afforded a reasonable opportunity to prepare a defense. Any new causes or allegations shall be deemed controverted and any objections to the amended or supplemental causes or allegations may be made orally at the hearing and shall be noted on the record.

Following the hearing or, if the employee has not requested a hearing, after reviewing the Superintendent or designee's recommendation for disciplinary action, the Board shall affirm, modify, or reject the recommended disciplinary action. The decision of the Board shall be in

writing and shall contain findings of fact and the disciplinary action approved, if any. The decision of the Board shall be final.

Within 10 working days of the Board's final decision, a copy of the decision shall be delivered to the employee and/or designated representative personally or by registered mail.

Except for an allegation of egregious misconduct in which a minor is involved, the Board may delegate the authority to determine whether sufficient cause exists for disciplinary action to an impartial third-party hearing officer. When a matter is heard by a third-party hearing officer, the Board shall review the determination and adopt or reject the recommended decision. (Education Code 45113)

When any matter involves an allegation of egregious misconduct as defined in Education Code 44932 and involves a witness who is a minor, the matter shall be referred to an administrative law judge to determine whether sufficient cause exists for disciplinary action against the employee. In such cases, the ruling of the administrative law judge shall be binding on the district and the employee. (Education Code 45113)

Compulsory Leave of Absence

Upon being informed that a classified employee has been charged with a mandatory leave of absence offense, the Superintendent or designee shall immediately place the employee on a compulsory leave of absence. (Education Code 44940, 44940.5, 45304)

LETTER FROM THE CHAIR

On behalf of the Orcutt Union School District Measure G Citizens' Oversight Committee it is my pleasure to present the Measure G Annual Report to the Board of Trustees.

Since the Community approved the bond in 2016 Measure G has enhanced school sites with security fencing, improved bus drop-off and pick-up and modernization of school offices and classrooms. We have also completed an Innovation Center, upgraded bathrooms, modernized a cafeteria, added a new parking lot, and are currently constructing a gym on the Orcutt Academy High School Campus.

The committee met bi-annually in the 2023-2024 school year and was given detailed information from Business Services and staff concerning the progress and expenditures related to the various projects included in the Measure G Bond. The committee plays an important role in informing the public about the District's expenditures of bond money, providing oversight to ensure that bond revenues are spent on construction projects as promised to the community.

It is the opinion of this committee that based on the oversight activities and the financial and performance audits noted herein, the school district remains in full compliance with the requirements of article XIII A, Section 1(b) (3) of the Constitution of the State of California.

The committee trusts you will find the annual report accurate, informative and comprehensive.

Respectfully,

Jan Zilli
Chair
Measure G Citizens' Oversight Committee

Bond Measure G Overview

Northern Santa Barbara County residents voted November 8, 2016, to approve Measure G, the \$60 million general obligation facilities bond to improve Orcutt Union School District. Funding from the bond is helping the district repair, upgrade and improve elementary and secondary schools, including deteriorated roofs, plumbing, and electrical systems, improve student safety/security and disabled access, keep schools well-maintained, acquire, renovate, improve classrooms/facilities/equipment and technology infrastructure, replace aging portables with modern classrooms. All funds should be benefiting all our school sites.

MEASURE G2016 COMMITMENT TO COMMUNITY ORUCTT UNION SCHOOL DISTRICT

To repair/upgrade Orcutt/Los Alamos elementary/secondary schools, including deteriorated roofs, plumbing, and electrical systems, improve student safety/security and disabled access, keep schools well-maintained, acquire, renovate, construct classrooms/facilities/equipment and technology infrastructure to support programs in science, math, reading and arts, replace aging portables with modern classrooms, shall Orcutt Union School District issue \$60 million in bonds at legal rates, with citizens' oversight, annual audits, no funds for administrators, and all funds benefiting local schools?

Measure G was presented to voters under the provision of Proposition 39, stipulating that at least 55 percent of voters approve a measure for its passage. It passed with 57.8 percent of the vote.

The Citizens' Oversight Committee

As promised to voters and required by law, on June 23, 2016, the Orcutt Union School District Board of Trustees adopted Resolution No. 20, establishing the Measure G Citizens' Oversight Committee.

The laws governing implementation of the Citizens' Oversight Committee require a minimum of seven members to be selected based on criteria established by Proposition 39:

- One active member from the following: a business organization representing the business community located in the District; a senior citizens' organization; a bona-fide taxpayer's association; and a parent or guardian of a child enrolled in the District
- Two members of the community at-large.

Period covered by the report

This report covers the time period of July 1, 2022 through June 30, 2023

Statement of purpose/responsibilities of the Citizens' Oversight Committee

The Measure G Citizens' Oversight Committee, with members representing the various groups of our communities, serves as the representative of local residents to monitor the expenditures of Measure G Funds. The Citizens' Oversight Committee reviews the progress and expenditure reports to ensure that bond proceeds were expended only for the purposes set forth in the Measure G Bond, and reports their findings annually to the Orcutt Union School District Board of Trustees via this report.

The district has received, and the Citizens' Oversight Committee has reviewed, the financial and performance audit for the Measure G Bond Construction Fund for the fiscal year ending June 30, 2023. EideBailly, Certified Public Accountants, prepared the report to comply with Proposition 39 accountability within the California Constitution.

EideBailly stated, "The results of our tests indicated that, in all significant respects, the Orcutt Union School District has properly accounted for expenditures held in the Building Fund (Measure G) and that such expenditures were made for authorized Bond projects. There were no audit findings, reported in the prior year's Schedule of Findings and Questioned Costs.

Financial compliance confirmation

All expenditures authorized by Measure G have been reviewed by the Citizens' Oversight Committee to ensure the money was spent only on improvement projects as required by Proposition 39. All funds expended from Measure G have been audited by an independent accounting firm. Throughout the course of construction, the District has made transfers into the Measure G Fund in order to offset some of the costs associated with construction. To date, these transfers total \$7,554,183.

The Citizens' Oversight Committee has reviewed expenditures and projects and finds the district is in compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and consistent with the district's approved Measure G local bond measure.

SOWASHCO SCHOOLS

South Washington County Schools desired a more equitable, accessible and modern brand aligned with their core values and incorporating student voice. Redeploying as SoWashCo Schools with a tagline of Be seen. Be heard. Be bold. positioned this public school district as a student-centered space.

CEL migrated their existing website to Finalsite to provide better usability and functionality across all district schools. The new site unified pages and school programs in a mobile-first, accessible design.

The website strategically marries cohesive design and branding with Finalsite features that provide easy updates, focused content areas and consistent storytelling in a modern and friendly format. Drawing

upon site analytics and feedback from stakeholders, CEL developed the home page with the most frequently accessed content—ensuring a positive user experience for families.

SoWashCo promotes equity and inclusion for all students and staff. CEL designers kept these values in the forefront while designing the logo, patterns and brand assets. The colorful designs take inspiration from the other 24 unique school logos, fostering districtwide unity and ensuring that every school integrates well with the district designs. Students, staff and Board members reported being seen, heard, and listened to throughout the design process and feeling that the new design and website truly reflect SoWashCo Schools.

COLOR PALETTE

ROBBINSDALE AREA SCHOOLS

Robbinsdale Area Schools had an established, but tired branding package dating back two or three administrations. The District's R logo and navy, black and white color palette was recognizable, but accompanying colors and brand elements went unused by staff who questioned the energy of the earth tones with the strength of navy and black logo.

Robbinsdale turned to CEL for a brand expansion that would brighten the color palette, exude the energy of learning and childhood, and provide updated templates

to support marketing communications including fliers, slide decks, letterhead, and e-newsletters.

To support the District's Unified Vision, CEL created a color palette inspired by the school colors and mascots of each of the District's 20 schools. Brand elements and patterns played off the curves, lines and intersections of the District R with a colorful palette that supported the District's equity and inclusion promise. A marketing campaign wrapped up the package inspiring students and staff to Believe. Belong. Become.

EXPANDED COLOR PALETTE

ROBBINSDALE VIRTUAL ACADEMY

Prior to the COVID-19 pandemic, Robbinsdale Area Schools had plans to establish an online learning academy to retain students and families seeking that option. They had the staff, curriculum and talent but no marketing plan, and they turned to CEL to brand and introduce the new Robbinsdale Virtual Academy. The new identity system featured contemporary, eye-catching imagery, and the digital marketing campaign — “Flip the script on high school” — played off a popular TikTok meme.

CEL launched a clean, concise website for enrollment

marketing a month before the district website redesign went live.

Using the subdomain rva.rdale.org maintained consistency with other schools, and an interactive class catalog gives students and their families a look at their options before making the commitment to enroll. When they're ready to enroll, they click the “Enroll” button that's consistently at the top of every screen.

The result? Enrollments exceeded expectations, and the district was able to reattract students who previously enrolled with other online providers.

MINNETONKA PUBLIC SCHOOLS

Minnetonka High School turned to CEL to brand its unique college-level research program in 2015. PRINCETON ONLINE MN

Princeton Public Schools (ISD 477) launched a full-time online high school two years before COVID-19, but in 2020 as interest in online learning soared and the competitive environment grew more intense, the district turned to CEL to rebrand the virtual school and relaunch the website as a more engaging platform for prospective students and their families. The site also includes login access to Skyward and Clever for current families.

At the heart of the new brand identity system is a graphic element in the shape of a shield that incorporates four parts representing core values —

compassionate instructors, the challenge to think differently, a supportive online community and personalized academics. Once the website went live, geo-targeted paid social media advertising within Minnesota increased repetitions for the ads in key markets, and CEL also tested the effectiveness of Google Adwords, decidedly ultimately that it was cost-prohibitive. The new website includes a new online course catalog as well as student and staff stories that CEL created which included short video that could be used in paid advertising.

RICHFIELD PUBLIC SCHOOLS

Despite a long history and a strong sense of community, Richfield Public Schools had never engaged in a district-wide branding process. Each school had its own mascot and a rather complex district logo looked dated and tried to communicate too much. For a district often referred to by realtors as "an up and coming community for young families," the district brand needed to inspire confidence. Richfield Public Schools engaged CEL as their school district marketing agency to lead the rebranding process and integrated marketing communications. Per Board policy, all communications and messaging was to be presented in both English and Spanish.

Updating the high school mascot to be more inclusive and expanding the color palette beyond the high school's red and black allowed all students and families to embrace the new brand. When the district's communications director resigned mid-project, CEL stepped in to provide strategic implementation, create an emotional connection to the brand and support the district through the busy summer months. Completing the branding project was followed by a brand roll-out plan, summer publications, social media, and media relations. CEL also consulted on the recruitment and selection process to hire a new communications director.

COTTER SCHOOLS

Cotter Schools is an international learning community guided by faith since 1911 where character, personal development, and academic achievement inspire a world of possibilities. With a global market, Cotter turned to CEL to refresh its brand, update its website and develop an integrated marketing communications strategy.

What does a Catholic school in Winona, Minnesota do to attract hundreds of students from around the globe and sustain a thriving international learning community? It offers an outstanding education guided by faith, focuses on discovering the best in each student, and has a

beautiful, easy-to-use website that invites engagement, generates leads and processes enrollment.

CEL's team worked with Finalsite to design, build, and launch Cotter's mobile responsive website in 2015.

When the high school prepared to merge and lead all K-12 Catholic schools in the region in 2020, CEL returned to expand the brand and update messaging to attract younger families.

Storytelling, images, video and an interactive map all support the enrollment marketing goal.

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Board Policy 3550 Food Service/Child Nutrition Program

BACKGROUND: Policy updated to reflect NEW LAW (SB 348,2023) which (1) clarifies that districts are required to make available, during each school day and free of charge, one nutritionally adequate breakfast and one nutritionally adequate lunch to any student who requests a meal; including a student enrolled in an independent study program as specified, regardless of the student’s eligibility for a federally funded free or reduced-price meal, (2) defines a “nutritionally adequate breakfast and lunch,” and (3) requires that students be provided with adequate time to eat. Additionally, policy updated to reflect NEW LAW (AB 95, 2023) which clarifies that districts may sell a nutritionally adequate meal that qualifies for federal reimbursement to a student after a free meal has been provided. In addition, policy update to reflect NEW LAW (SB 114, 2023) which establishes school food best practices such as serving freshly prepared onsite meals using minimally processed, locally grown, and sustainable food, giving priority to California-grown or produced foods, and increasing plant-based or restricted diet food options for students. To the extent possible, the school meal program shall be coordinated with the nutrition education program, instructional program for teachers, parents/guardians and food service employees, available community resources, and other related district programs.

To encourage student participation in school meal programs, schools may offer multiple choices of food items within a meal service, provided all food items meet nutrition standards and all students are given an opportunity to select any food item.

The Superintendent or designee may invite students and parents/guardians to participate in the selection of foods of good nutritional quality for school menus.

Students shall be allowed adequate time and space to eat meals. (Education Code 49501.5)

To the extent possible, school, recess, and transportation schedules shall be designed to promote participation in school meal programs.

The Superintendent or designee shall periodically review the adequacy of school cafeterias and facilities for food preparation and consumption.

In accordance with law, the Superintendent or designee shall develop and maintain a food safety program in order to reduce the risk of foodborne hazards at each step of the food **preparation and service process**. ~~process, from receiving to service.~~

The Superintendent or designee shall annually report to the Board on student participation in the district's nutrition programs and the extent to which the district's food services program meets state and federal nutrition standards for foods and beverages. In addition, the Superintendent or designee shall provide all necessary and available documentation required for the Administrative Review conducted by the California Department of Education (CDE) to ensure the food service program's compliance with federal requirements related to nutrition standards, meal patterns, provision of drinking water, school meal environment, food safety, and other areas as required by the CDE.

BUSINESS SERVICES MEMORANDUM

TO: Board of Trustees
Holly Edds, Ed.D.

FROM: Sandra Knight
Assistant Superintendent, Business Services

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Board Policy 3553 Free and Reduced Price Meals

BACKGROUND: Policy updated to reflect NEW LAW (SB 348,2023) which clarifies that districts are required to make available, during each school day and free of charge, one nutritionally adequate breakfast and one nutritionally adequate lunch to any student who requests a meal, including a student enrolled in an independent study program as specified, regardless of the student's eligibility for a federally funded free or reduced-price meal, and NEW LAW (AB 95,2023) which clarifies that districts may sell a nutritionally adequate meal that qualifies for federal reimbursement to a student after a free meal has been provided. Additionally, policy updated to clarify that meals served under the school nutrition program meet district-adopted guidelines, in addition to state and federal nutrition standards. In addition, policy updated to more closely align with code language.

RECOMMENDATION: It is recommended that the Board of Trustees adopt the updated Board Policy 3553 as presented for the first reading and that it be placed on the next Consent Agenda for the second reading.

FUNDING: N/A

Free and Reduced Price Meals

The Governing Board recognizes that adequate nutrition is essential to the development, health and well-being, and learning of all students. The Superintendent or designee shall facilitate and encourage the participation of all students in the district's food service program.

Each school day, the district shall provide, free of charge, a nutritionally adequate breakfast and lunch for any student who requests a meal. (Education Code 49501.5)

After a student has been provided a school meal at no cost, the district may sell the student the entrée from an additional nutritiously adequate meal that qualifies for federal reimbursement, from the same meal service. (Education Code 49431)

To provide optimal nutrition and ensure that schools receive maximum federal meal reimbursement, the Superintendent or designee shall assess the eligibility of district schools to operate a federal universal meal service provision, such as Provision 2 or the Community Eligibility Provision, pursuant to 42 USC 1759a. The Superintendent or designee shall submit an application to operate a federal universal meal provision to the California Department of Education (CDE) on behalf of any district school that meets the definition of a "high poverty school." (Education Code 49564.3)

~~If any district school meets the criteria for a "very high poverty school" through its eligibility for the federal Community Eligibility Provision reimbursement rate pursuant to 42 USC 1759a, the district shall apply to the California Department of Education (CDE) to operate a universal meal service, unless the Board adopts a resolution stating that the district is unable to comply with this requirement due to fiscal hardship. The resolution shall be part of the public agenda for at least two consecutive Board meetings, first as an information item and then as an action item. The Board shall reconsider the resolution at least once every four years. (Education Code 49564; 42 USC 1759a)~~

The Superintendent or designee shall ensure that meals served under the school nutrition program meet applicable state and/or federal nutritional standards, **as specified in law and district-adopted guidelines.** ~~in accordance with law, Board policy, and administrative regulation.~~

The Board shall approve, and shall submit to the CDE for approval, a plan that ensures that students eligible to receive free or reduced-price meals ~~and milk~~ are not treated differently from other students and that meets other requirements **specified** in Education Code 49557

Confidentiality/Release of Records

All applications and records related to eligibility for the free and reduced-price meals program shall be confidential and may not be disclosed except as provided by law and authorized by the Board or pursuant to a court order. (Education Code 49558)

Free and Reduced Price Meals

The Board authorizes designated employees to use records pertaining to an individual student's eligibility for the free and reduced-price meals program for the purposes: (Education Code 49558)

1. Disaggregation of academic achievement data
2. Identification of students eligible for services under the federal Elementary and Secondary Education Act pursuant to 20 USC 6301-6576
3. Facilitation of targeted educational services and supports to individual students based on the local control accountability plan

If a student transfers from the district to another district, charter school, county office of education program, or private school, the Superintendent or designee may share the student's meal eligibility information to the other educational **agency in ensuring that the student continues to receive school meals.** ~~to assist in the continuation of the student's meal benefits.~~

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to another school district, charter school, or county office of education that is serving a student living in the same household for purposes related to program eligibility and data used in local control funding formula (LCFF) calculations. (Education Code 49558)

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to the Superintendent of Public Instruction for purposes of determining allocations under the LCFF and for assessing accountability of that funding. (Education Code 49558)

The Superintendent or designee may release information on the school lunch program application to the local agency that determines eligibility for participation in the Medi-Cal program if the student has been approved for free meals or, if included in the agreement with the local agency, for reduced-price meals. The Superintendent or designee also may release information on the school lunch application to the local agency that determines eligibility for CalFresh or another nutrition assistance program authorized under 7 CFR 210.1 if the student has been approved for free or reduced-price meals. Information may be released for these purposes only if the student's parent/guardian consents to the sharing of information and the district has entered into a memorandum of understanding with the local agency which, at a minimum, includes the roles and responsibilities of the district and local agency and the process for sharing the information. After sharing information with the local agency for purposes of determining eligibility for that program, no further information shall be shared unless otherwise authorized by law. ORCUTT UNION SCHOOL DISTRICT
Orcutt, California

EDUCATIONAL SERVICES MEMORANDUM

TO: Board of Trustees
Holly Edds, Ed.D.

FROM: Joe Dana
Assistant Superintendent, Educational Services

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Approval of Revised School Plans for Student Achievement (SPSAs) for Three District Schools

BACKGROUND: The Every Student Succeeds Act (ESSA) requires state educational agencies to determine school eligibility for additional targeted support and improvement (ATSI). The California Department of Education (CDE) has based eligibility for ATSI on schoolwide and subgroup performance as indicated on the California School Dashboard. Schools that meet the criteria for ATSI must collaborate with educational partners to develop and implement a school-level plan to improve student outcomes.

The Orcutt Union School District currently has three schools that qualify for ATSI:

- Joe Nightingale School, for the performance of the Two or More Races subgroup in Chronic Absenteeism;
- Ralph Dunlap School, for the performance of the Students with Disabilities subgroup in English/Language Arts, Mathematics, and Suspension Rate; and
- Lakeview Junior High School, for the performance of the Students with Disabilities subgroup in English/Language Arts, Mathematics, and Suspension Rate.

This spring, CDE communicated to school districts that schools qualifying for ATSI must have a board approved improvement plan in place by the first day of school of the coming 2024-2025 school year. The improvement plan is done in the form of a School Plan for Student Achievement (SPSA) that includes specific elements pertinent to ATSI.

Accordingly, to meet this requirement, our three ATSI schools are submitting for your approval a revised, ATSI-compliant SPSA that has been approved by their School Site Council. The five goals for these SPSAs have not been changed; they remain raising English/language arts achievement, raising mathematics achievement, increasing attendance, improving school culture, and reducing suspensions. ATSI components to the plan include an examination of potential resource inequities, analysis of California School Dashboard indicators for the school and subgroups, and updates on the school's progress thus far in 2023-2024.

RECOMMENDATION: Staff recommends that the revised School Plans for Student Achievement for Joe Nightingale School, Ralph Dunlap School, and Lakeview Junior High School be approved as submitted.

FUNDING: No impact.

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Joe Nightingale Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement
- Joe Nightingale School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of the Two or More Races subgroup in Chronic Absenteeism.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Joe Nightingale Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Joe Nightingale School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of the Two or More Races subgroup in Chronic Absenteeism.

Educational Partner Involvement

How, when, and with whom did Joe Nightingale Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The SPSA and Annual Review and Update were discussed at a School Leadership Team meeting on September 6, 2023. Discussion included a thorough review of school data using the California Dashboard (academic performance, academic engagement, conditions & climate) and additional district-wide and school-wide data, an analysis of current school goals, development of future school goals, and past and future revenues and expenditures.

Additional input was gathered from teachers and school staff, parents, students, and the community at an ELAC, PTA, and staff meetings held prior to the approval of the plan.

The School Site Council meeting to approve the SPSA was held on October 18, 2023.

On April 25, 2024, the SSC met to review and approve a revised SPSA that includes ATSI planning components as directed by the California Department of Education.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

We are examining equity from the lens of the "dimensions of equity" that are highlighted and explained on the Alliance for Resource Equity website (<https://educationresourceequity.org/dimensions-of-equity/>). Following are data and comments on five of the dimensions:

School Funding: For the 2023-2024 school year, Joe Nightingale was allotted \$89,827.55 in Title 1 funding and \$81,795 in LCFF Supplemental funding for a total of \$171,622.55. This was an increase from the \$157,389.32 allotted in 2022-2023 (\$74,430.32 in Title 1 funding and \$82,959 in LCFF funding). For reference, in 2023-2024, the district's federal allocations were \$485,144 in Title 1 funding, \$99,482 in Title 2 funding, \$124,098 in Title 3 4203 funding, and \$7,923 in Title 3 4201 funding. The district identifies some sites for Title 1 allotments based on student need.

Teaching Quality & Diversity: For 2023-2024, Joe Nightingale has 2 first-year teachers, 4 teachers in years 2-5 of their career, and 27 teachers in year 6 or higher. In 2022-2023, Joe Nightingale had 2 first-year teachers, 5 teachers in years 2-5, and 26 teachers in year 6 or higher. The school has a largely veteran staff.

Instructional Time & Attention: For 2023-2024, Joe Nightingale continued to have regular time (four afternoons a week) designated for English/language arts intervention. It also changed its master schedule to allow for 60 minutes per week of math intervention. The time it affords for academic intervention is aligned with other elementary schools in the district.

Positive & Inviting School Climate: For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey showed improvement in three of five items, led by "At my school, there is a teacher or other

adult who really cares about me" (82% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who listens to me when I have something to say" (82% "pretty much true" or "very much true"). The parent survey showed improvement in all five items, led by "Teachers communicate with parents about what students are expected to learn in class" (92% "pretty much true" or "very much true").

Student Supports & Intervention: As mentioned earlier, Joe Nightingale continues to provide substantial time for academic intervention. Its SIPPS (Systematic Instruction in Phonemic Awareness, Phonics, and Sight Words) is a research-based intervention that produces notable results. Other supports available include a full-time vice-principal and time from a counselor, psychologist, and Board Certified Behavioral Analyst who are assigned to multiple sites.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

SUSPENSION RATE (All Students = Yellow, 2.2% suspended at least one day, maintained - 0.1%)

No differential of two or more performance levels

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

No other needs identified at this time.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Performance: English Language Arts

All students and student subgroups will demonstrate growth on state and local measures in the area of English Language Arts with the goal of all students achieving proficiency.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide and support engaging, high quality instruction, which promotes active learning and maximizes student achievement

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In English/Language Arts, the school has a green rating on the California School Dashboard (20 points above standard, increased 10.5 points). One subgroup is red (Students with Disabilities, 76.4 points below standard, declined 7.1 points), and one subgroup is orange (English Learners, 12 points below standard, maintained - 0.6 points). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Joe Nightingale has made good progress in E/LA as evidenced by its green Dashboard rating, but it still can work for improvement with the Students with Disabilities and English Learners subgroups.

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Joe Nightingale has been faithful to the actions outlined here. SIPPS reading intervention has gone well. Due to frequent progress monitoring of students in SIPPS, teachers have been able to adjust groups based on student needs. Teachers have used Interim Assessment Blocks (IABs) to discern how students are performing vis a vis the E/LA standards. In April, Joe Nightingale hosted a district event/tour showcasing how the district is applying the science of reading

(phonemic awareness, phonics, fluency, vocabulary, and comprehension) in the early grades. Visitors walked through classrooms in grades TK-2 and the school's SIPPS intervention room and came away very impressed by the progression of reading instruction through the grades.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Joe Nightingale will continue its work in 2024-2025 with a focus on improving E/LA outcomes for students in the Students with Disabilities and English Learners subgroups. Additionally, Joe Nightingale will benefit from a two professional development days scheduled for August 8-9, 2024. The days will focus on the rationale and protocols associated with Professional Learning Communities, and other topics will include progress monitoring, Tier 1 instruction, academic intervention, and dealing with student behaviors. All teachers will benefit, and newer teachers especially will be boosted by two informative, inspirational PD Days that provide evidence-based strategies and protocols.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Mathematics, the school has a blue rating on the California School Dashboard (7.5 points below standard, increased 18.6 points). One subgroup is orange (Students with Disabilities, 79.6 points below standard). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Joe Nightingale is making notable progress in math but will continue to work on improving Math outcomes overall and with the Students with Disabilities subgroup.

Annual Review

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Joe Nightingale has implemented all three actions described here. With the help of the district, teachers have been creating math "focus folders" that use current NWEA math results to place students in leveled groups. The additional during-class time for math intervention (afforded by the change in the elementary master schedule) has been fruitful, as teachers have utilized it for review, reteaching, previewing content, and one-on-one and small-group assistance. At some grade levels, teachers have used assessment results to regroup and share students during math intervention.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to continue our efforts with math intervention in 2024-2025. Teachers are becoming more skilled at intervening for struggling math students (i.e., sharing students for intervention) and will benefit from a second year of implementation. The district also wants to conduct more progress monitoring relative to math intervention. The district is considering an off-schedule math adoption in 2025-2026 to be preceded by piloting materials during the 2024-2025 school year.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Chronic Absenteeism, the school has a yellow rating on the California School Dashboard (23.5% chronically absent, declined 3.9%). One subgroup is red (Two or More Races, 21.5% chronically absent), and one subgroup is orange (Students with Disabilities, 23.9% chronically absent). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. While improvement is occurring with attendance in 2023-2024, the school needs to continue its efforts to reduce chronic absenteeism in 2024-2025.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Attendance has been an emphasis throughout the year. The district ran an attendance awareness campaign in September 2023, and the school has been giving incentives and/or recognition for good or improved attendance. The district also has improved its efforts with attendance accountability. All of the district's attendance letters (Truancy Letter 1, Truancy Letter 2, excessive tardiness letter, and 10% or more absenteeism letter) have been rewritten to be more readable and positive. The letters also have been embedded in the Aeries student information system so office assistants can more easily print them out. The school has implemented check-in/check-out and incentive programs for high-need students. Finally, the added community liaison services are enabling more communication with families around attendance. Happily, attendance data is showing that these efforts are making a difference -- chronic absenteeism data is improved at Joe Nightingale.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We recognize the need to continue to focus on attendance in 2024-2025. While improvement is being seen, attendance still is not approaching pre-COVID levels.

For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey (taken by 147 Joe Nightingale students) showed improvement from the 2022-2023 survey in three areas: "At my school, there is a teacher or other adult who really cares about me" (82% "pretty much true" or "very much true"), "At my school, there is a teacher or other adult who listens to me when I have something to say" (82% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who is there for me if I have a problem or concern" (81% "pretty much true" or "very much true"). The parent survey (taken by 57 Joe Nightingale parents) showed improvement in all five items, led by "Teachers communicate with parents about what students are expected to learn in class" (92% "pretty much true" or "very much true").

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

All stated actions were implemented. SEE Learning was launched, and the implementation of monthly lessons has gone well (see narrative for Goal 5 as well). Buddy classes have been arranged by the principal with the goal of fostering more cohesion and connections among students. Engaging games (large Connect Four, checkers, and chess) have been brought out at recess for socialization and fun. A family math night (sponsored by the Julia Robinson Math Festival nonprofit and supported by the district's Educational Services Department) was well received by students, parents, and staff. An additional community liaison was hired so each elementary site could have its own liaison; this has greatly improved support for services for non-English-speaking families. The school's responsiveness to families was validated by the parent survey given in Fall 2023 that showed improvement over Fall 2022 in every area.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The additional community liaison will remain in 2024-2025; this has proven to be an important addition for non-English-speaking families. The district will expand implementation of SEE Learning in 2024-2025 beyond a monthly lesson. The school and district will continue to explore opportunities for parent/family involvement and engagement. The showcase Joe Nightingale hosted in April 2024 (see narrative for Goal 1) served as a model for bringing parents and community members onto a school site to see the good work of students and teachers.

Identified Need

In Suspension Rate, the school has a yellow rating on the California School Dashboard (2.2% suspended at least one day, maintained - 0.1%). Two subgroups are orange (Students with Disabilities, 4.4% suspended at least one day; and White students, 2.2% suspended at least one day), and one subgroup is yellow (Socioeconomically Disadvantaged, 2.9% suspended at least one day). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Progress in reducing suspensions has been made in 2023-2024, but Joe Nightingale needs to maintain its efforts to promote positive behavior and reduce suspensions in 2024-2025.

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Joe Nightingale has implemented all of the actions stated here. The school's implementation of PBIS was reinforced by having "PBIS announcements" included in morning announcements and holding biweekly SPARK Raffles (SPARK is the acronym for the school's matrix of expectations). With help from the district, an MTSS behavior monitoring team was formed at the school; the team met biweekly to monitor the progress of identified students and plan interventions as needed. The implementation of SEE Learning, the district adopted social/emotional learning curriculum, has gone well thanks to support from a district team that offers guidance and support with the monthly lessons. The DARE Program was implemented this year by the California Army National Guard. Sixth graders bonded well with the DARE officer, and a number of families attended a culminating event organized by the National Guard. The school's Friend Mediators Program has continued to be effective at allowing peers to have a role in addressing student conflict.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the coming year, we are planning to deepen our collaboration around student behavior. In 2024-2025 a district CARES (Comprehensive Alignment of Resources and Educational Supports) Team will spearhead the district's efforts to promote positive behavior and address/prevent severe behaviors. The site MTSS team will work in concert with the district CARES Team on this important goal. Additionally, all sites will work in 2024-2025 to use EduClimber as a platform for data on office discipline referrals and suspensions; this will enable more effective analysis of "trouble spots" with behaviors.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Ralph Dunlap Elementary School	42-69260-6045744	April 24, 2024	May 8, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Ralph Dunlap Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement

Ralph Dunlap School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of Students with Disabilities in Suspension Rate, ELA, and Math.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Ralph Dunlap Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Ralph Dunlap School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of Students with Disabilities in Suspension Rate, ELA, and Math.

Educational Partner Involvement

How, when, and with whom did Ralph Dunlap Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The SPSA and Annual Review and Update were discussed at School Leadership Team Meetings on the following dates: 9/20/2023 & 10/18/2023

Discussions included a thorough review of school data using the California Dashboard (academic performance, academic engagement, conditions & climate) and additional district-wide and school-wide data, an analysis of current school goals, development of future school goals, and past and future revenues and expenditures.

Additional input was gathered from teachers and school staff, parents, students, and the community at additional meetings held on the following dates:

10/3/23 - Met with PTA to share school site goals and SPSA

10/10/23 - Met with ELAC to review SPSA plan and relevant data

10/25/22 - Met with School Staff at a regularly scheduled staff meeting to review SPSA plan and relevant data

11/15/23 - Met with SSC to review data and the draft SPSA to gather feedback on proposed goals/expenditures. The SSC approved the SPSA at that time.

4/24/24 - Met with SSC to review and approve a revised SPSA that includes ATSI planning components as directed by the California Department of Education.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

We are examining equity from the lens of the "dimensions of equity" that are highlighted and explained on the Alliance for Resource Equity website (<https://educationresourceequity.org/dimensions-of-equity/>). Following are data and comments on five of the dimensions:

School Funding: For the 2023-2024 school year, Ralph Dunlap was allotted \$47,480 in LCFF Supplemental funding, down from \$48,800 allotted in 2022-2023 (the school does not receive Title 1 funding). The decrease can be attributed to a decline in enrollment. For reference, in 2023-2024, the district's federal allocations were \$485,144 in Title 1 funding, \$99,482 in Title 2 funding, \$124,098 in Title 3 4203 funding, and \$7,923 in Title 3 4201 funding. The district identifies some sites for Title 1 allotments based on student need (i.e., the number and percentage of unduplicated students).

Teaching Quality & Diversity: For 2023-2024, Ralph Dunlap has 2 first-year teachers, 5 teachers in years 2-5 of their career, and 15 teachers in year 6 or higher. In 2022-2023, Ralph Dunlap had 1 first-year teacher, 7 teachers in years 2-5, and 13 teachers in year 6 or higher. The school has a balance of newer and more experienced teachers.

Instructional Time & Attention: For 2023-2024, Ralph Dunlap continued to have regular time (four afternoons a week) designated for English/language arts intervention. It also changed its master schedule to allow for 60 minutes per week

of math intervention. The time it affords for academic intervention is aligned with other elementary schools in the district.

Positive & Inviting School Climate: For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey showed improvement in two items: "At my school, there is a teacher or other adult who listens to me when I have something to say" (82% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who believes that I will be a success" (77% "pretty much true" or "very much true"). The parent survey showed improvement in four of the five items, led by "Parents feel welcome to be involved in the school" (88% "pretty much true" or "very much true").

Student Supports & Intervention: As mentioned earlier, Ralph Dunlap continues to provide substantial time for academic intervention. Its SIPPS (Systematic Instruction in Phonemic Awareness, Phonics, and Sight Words) is a research-based intervention that produces notable results. Other supports available include time from a counselor, psychologist, and Board Certified Behavioral Analyst who are assigned to multiple sites.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

ORANGE

English/Language Arts: 42.5 points below standard, declined 23.4 points

Mathematics: 55 points below standard, declined 6.4 points

Suspension Rate: 4.6% suspended at least one day, increased 2%

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

CHRONIC ABSENTEEISM (All Students = Yellow, 22.0% chronically absent, declined 3.4%)

Red: English Learners (25.8% chronically absent, increased 3.0%); Hispanic students (26.1% chronically absent, maintained - 0.1%)

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. Analysis of CAASPP ELA results from 2021-2023 shows the largest percentage of students scoring Standard Met or Exceeded is in the sixth grade.
2. Analysis of CAASPP ELA results from 2022-2023 shows that the instructional area that has the highest percentage of students "Below Standard" is Writing (37% Below Standard). In fifth grade, 54.8% of students scored below standard in Writing. Writing needs to be a focus during the 2024-2025 school year with an additional focus on beginning writing instruction in third grade.
3. Analysis of CAASPP ELA results from 2021-2023 shows an increase in student performance in third grade and fifth grade with more students in these grades scoring in the Standard Not Met category.

Conclusions based on this data:

1. Analysis of CAASPP Mathematics results from 2021-2023 shows a notable increase in the percentage of students scoring Standard Exceeded in sixth grade.
2. Analysis of CAASPP Mathematics results from 2021-2023 shows a decrease in student performance in third grade and fifth grade with more students in these grades scoring in the Standard Not Met category.
3. Analysis of CAASPP Mathematics results from 2022-2023 shows that the instructional area that has the highest percentage of students "Below Standard" is Concepts & Procedures (44% Below Standard). Grades three and six

score higher in this area than grades four and five with the sixth grade scores in this area being the lowest overall area.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Conclusions based on this data:

1. Students schoolwide and all subgroups decreased in ELA performance. The Students with Disabilities subgroup has the lowest performance in ELA (122.8 points below standard), and the subgroup's performance has decreased 52.6 points from the previous year. This is one of the reasons why this subgroup's performance has qualified the school for Additional Targeted Support and Improvement (ATSI)
2. We are not at proficiency levels we seek for all students.
3. English Learners (106.6 points below standard) and low-income students (76.8 points below standard) are two other subgroups that need extra attention. Both subgroups saw their performance decrease by more than 30 points from the previous year.

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

Conclusions based on this data:

1. Just 39% of English Learners (ELs) progressed at least one ELPI level in 2022-2023. This is notably lower than what is desired and points to a need to focus on English Language Development (ELD).
2. Continued access to challenging text (Wonders, Collections, English 3D) will increase opportunities for EL students to grow academically in English Language Arts.

Conclusions based on this data:

1. Students schoolwide and all subgroups except English Learners (increased 3%) saw their rates of chronic absenteeism decline.
2. The Asian subgroup has the lowest percentage of chronic absenteeism at 7.7%.

School and Student Performance Data

Conditions & Climate Suspension Rate

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

We can discern why this subgroup has resulted in the school qualifying for Additional Targeted Support and Improvement (ATSI).
2. Our continued efforts to engage parents and examine our school structure for addressing student behavior will have a positive impact in suspension rates for all students moving forward.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In English/Language Arts, the school has an orange rating on the California School Dashboard (42.5 points below standard, declined 23.4 points). Three subgroups are red (English Learners, 106.6 points below standard; Socioeconomically Disadvantaged students, 76.8 points below standard; and Student with Disabilities, 122.8 points below standard), and two subgroups are orange (Hispanic students, 58.2 points below standard; White students, 23.3 points below standard). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Ralph Dunlap needs to focus on improving E/LA outcomes overall and on improving outcomes for these subgroups.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Ralph Dunlap has been faithful to the three actions outlined here. SIPPS reading intervention has gone well. Due to frequent progress monitoring of students in SIPPS, teachers have been able to adjust groups based on student needs. Teachers have used Interim Assessment Blocks (IABs) to discern how students are performing vis a vis the E/LA standards.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Ralph Dunlap will continue its work in 2024-2025 with a focus on improving E/LA outcomes for all students and for identified subgroups. Additionally, with several newer teachers on staff (Ralph Dunlap has two first-year teachers and five teachers in years 2-5 of teaching), Ralph Dunlap will benefit from a two professional development days scheduled for August 8-9, 2024. The days will focus on the rationale and protocols associated with Professional Learning Communities, and other topics will include progress monitoring, Tier 1 instruction, academic intervention, and dealing with student behaviors. All teachers will benefit, but newer teachers especially will be buoyed by two days that provide evidence-based strategies and protocols just prior to the opening of the school year.

In Mathematics, the school has an orange rating on the California School Dashboard (55 points below standard, declined 6.4 points). Two subgroups are red (English Learners, 114.7 points below standard; Student with Disabilities, 131 points below standard), and three subgroups are orange (Hispanic students, 75.5 points below standard; Socioeconomically Disadvantaged students, 87.2 points below standard; and White students, 34.4 points below standard). Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Ralph Dunlap has implemented all three actions described here. With the help of the district, teachers have been creating math "focus folders" that use current NWEA math results to place students in leveled groups. The additional during-class time for math intervention (afforded by the change in the elementary master schedule) has been fruitful, as teachers have utilized it for review, reteaching, previewing content, and one-on-one and small-group assistance. At some grade levels, teachers have used assessment results to regroup and share students during math intervention.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to continue our efforts with math intervention in 2024-2025. Teachers are becoming more skilled at intervening for struggling math students (i.e., sharing students for intervention) and will benefit from a second year of implementation. The district also wants to conduct more progress monitoring relative to math intervention. The district is considering an off-schedule math adoption in 2025-2026 to be preceded by piloting materials during the 2024-2025 school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Engagement: Chronic Absenteeism

All students and student groups will demonstrate an increase in daily school attendance and decrease in chronic absenteeism.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide a rich and diverse curriculum in a positive and safe atmosphere to address the needs of the whole child.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Chronic Absenteeism, the school has a yellow rating on the California School Dashboard (22% chronically absent, declined 3.4%). Two subgroups are red (English Learners, 25.8% chronically absent; and Hispanic students, 26.1% chronically absent), three subgroups are orange (Two or More Races, 26.7% chronically absent; Socioeconomically Disadvantaged, 29.2% chronically absent; and Students with Disabilities, 33.8% chronically absent), and one group is yellow (White students, 16.1% chronically absent). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. While improvement is occurring with attendance in 2023-2024, the school needs to continue its efforts to reduce chronic absenteeism in 2024-2025.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Attendance has been an emphasis throughout the year. The district ran an attendance awareness campaign in September 2023, and the school has been giving incentives and/or recognition for good or improved attendance. The

district also has improved its efforts with attendance accountability. All of the district's attendance letters (Truancy Letter 1, Truancy Letter 2, excessive tardiness letter, and 10% or more absenteeism letter) have been rewritten to be more readable and positive. The letters also have been embedded in the Aeries student information system so office assistants can more easily print them out. The school has implemented check-in/check-out and incentive programs for high-need students. Finally, added community liaison services are enabling more communication with non-English-speaking families around attendance. Happily, attendance data is showing that these efforts are making a difference -- chronic absenteeism data is improved at Ralph Dunlap.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We recognize the need to continue to focus on attendance in 2024-2025. While improvement is being seen, attendance still is not approaching pre-COVID levels.

Goals, Strategies, & Proposed Expenditures

Goal 4

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Supportive Learning Environments/Family Engagement

Students and parents/guardians will experience caring relationships with teachers and school staff, with the goal of 100% reporting they experience caring relationships with school staff all or most of the time.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide a rich and diverse curriculum in a positive and safe atmosphere to address the needs of the whole child.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey (taken by 113 Ralph Dunlap students) showed improvement from the 2022-2023 survey in two areas: "At my school, there is a teacher or other adult who listens to me when I have something to say" (82% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who believes that I will be a success" (77% "pretty much true" or "very much true"). The parent survey (taken by 134 Ralph Dunlap parents) showed improvement in four of the five items, led by "Parents feel welcome to be involved in the school" (88% "pretty much true" or "very much true").

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

All stated actions were implemented. SEE Learning was launched, and the implementation of monthly lessons has gone well (see narrative for Goal 5 as well). A family math night (sponsored by the Julia Robinson Math Festival nonprofit and supported by the school PTA and district Educational Services Department) was well received by students, parents, and staff. An additional community liaison was hired so each elementary site could have its own liaison; this has greatly

improved support for services for non-English-speaking families. The school's responsiveness to families was validated by the parent survey given in Fall 2023 that showed improvement over Fall 2022 in four of the five items.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The additional community liaison will remain in 2024-2025; this has proven to be an important addition for non-English-speaking families. The district will expand implementation of SEE Learning in 2024-2025 beyond a monthly lesson. The school and district will continue to explore opportunities for parent/family involvement and engagement.

Goals, Strategies, & Proposed Expenditures

Goal 5

Title and Description of School Goal

Conditions & Climate: Suspension Rate

All students and student groups will demonstrate a decrease in the rate of suspension from school.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide a rich and diverse curriculum in a positive and safe atmosphere to address the needs of the whole child.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Suspension Rate, the school has an orange rating on the California School Dashboard (4.6% suspended at least one day, increased 2.0%). Two subgroups are red (Students with Disabilities, 18.5% suspended at least one day; and White students, 4.0% suspended at least one day), and four subgroups are orange (English Learners, 4.7% suspended at least one day; Hispanic students, 5.0% suspended at least one day; Two or More Races, 4.3% suspended at least one day; and Socioeconomically Disadvantaged, 4.9% suspended at least one day). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Progress in reducing suspensions has been made in 2023-2024, but Ralph Dunlap needs to maintain its efforts to promote positive behavior and reduce suspensions in 2024-2025.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Ralph Dunlap implemented all of the actions stated here. The school's implementation of PBIS was reinforced by having "PBIS announcements" included in morning announcements and holding weekly WAVE Raffles (WAVE is the acronym for the school's matrix of expectations). Buddy classes have been formed to foster more cohesion and connections among students. With help from the district, an MTSS behavior monitoring team was formed at the school; the team met biweekly to monitor the progress of identified students and plan interventions as needed. The implementation of SEE Learning, the district adopted social/emotional learning curriculum, has gone well thanks to support from a district team that offers guidance and support with the monthly lessons. The DARE Program was implemented this year by the California Army National Guard. Sixth graders bonded well with the DARE officer, and a number of families attended a culminating event organized by the National Guard. The principal has begun utilizing peer mediation to address student conflict.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the coming year, we are planning to deepen our collaboration around student behavior. In 2024-2025 a district CARES (Comprehensive Alignment of Resources and Educational Supports) Team will spearhead the district's efforts to promote positive behavior and address/prevent severe behaviors. The site MTSS team will work in concert with the district CARES Team on this important goal. Additionally, all sites will work in 2024-2025 to use EduClimber as a platform for data on office discipline referrals and suspensions; this will enable more effective analysis of "trouble spots" with behaviors.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Lakeview Junior High School	42-69260-6045751	April 25, 2024	May 8, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Lakeview Junior High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement

Lakeview Junior High School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of Students with Disabilities in Suspension Rate, ELA, and Math.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Lakeview Junior High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Lakeview Junior High School qualified for Additional Targeted Support and Improvement (ATSI) based on the performance of Students with Disabilities in Suspension Rate, ELA, and Math.

Educational Partner Involvement

How, when, and with whom did Lakeview Junior High School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The SPSA and Annual Review and Update were discussed by school stakeholders on the following dates:

Tuesday, October 24, 2023 (English Learners' Advisory Committee)

Wednesday, October 25, 2023 (Lakeview School Leadership Team)

Friday, October 27, 2023 (Lakeview Staff)

Tuesday, November 8, 2023 (School Site Council)

Discussions included a thorough review of school data using the California School Dashboard (Academic Performance, Academic Engagement, and Conditions and Climate) and additional districtwide and school-wide data, an analysis of current school goals, development of future school goals, and past and future revenues and expenditures.

The Lakeview Junior High School Site Council met on October 27, 2023, to review and edit the SPSA. Members reviewed school data, progress toward previous goals, school goals, and action plans to meet the goals.

The SPSA was approved by the School Advisory Council on November 8, 2023.

On April 25, 2024, the SSC met to review and approve a revised SPSA that includes ATSI planning components as directed by the California Department of Education.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

We are examining equity from the lens of the "dimensions of equity" that are highlighted and explained on the Alliance for Resource Equity website (<https://educationresourceequity.org/dimensions-of-equity/>). Following are data and comments on five of the dimensions:

School Funding: For the 2023-2024 school year, Lakeview was allotted \$29,626.50 in Title 1 funding and \$53,955 in LCFF Supplemental funding for a total of \$83,581.50. This was an increase from the \$77,760.40 allotted in 2022-2023 (\$24,080.40 in Title 1 funding and \$53,680 in LCFF funding). For reference, in 2023-2024, the district's federal allocations were \$485,144 in Title 1 funding, \$99,482 in Title 2 funding, \$124,098 in Title 3 4203 funding, and \$7,923 in Title 3 4201 funding. The district identifies some sites for Title 1 allotments based on student need.

Teaching Quality & Diversity: For 2023-2024, Lakeview has 5 teachers in years 2-5 of their career along with 17 teachers in year 6 or higher. In 2022-2023, Lakeview had 3 first-year teachers, 2 teachers in years 2-5, and 17 teachers in year 6 or higher. The school has a relatively veteran staff.

Instructional Time & Attention: For 2023-2024, Lakeview continued to provide a half-hour per day, four days a week, of "SEO" (Student Enrichment Opportunities) time for targeted intervention and enrichment. This has proven to be a vital venue for Tier 2 academic support for students.

Positive & Inviting School Climate: For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey showed improvement in two items: "At my school, there is a teacher or other adult who is there for me if I have a problem or concern" (75% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who believes that I will be a success" (77% "pretty much true" or "very much true"). The parent survey showed improvement in all five items, led by "Parents feel welcome to be involved in the school" (85% "pretty much true" or "very much true").

Student Supports & Intervention: As mentioned earlier, Lakeview continues to provide substantial time four days a week for academic intervention. Other supports available include a full-time counselor, a psychologist assigned to multiple sites, a community navigator who can help families of students with intensive mental health needs access local care, and a Board Certified Behavioral Analyst assigned to multiple sites.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Mathematics: 60.3 points below standard, declined 5.8 points

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

CHRONIC ABSENTEEISM (All Students = Yellow, 25.7% chronically absent, declined 3.1%)

Red: English Learners (29.2% chronically absent, increased 0.9%); White students (31.4% chronically absent, increased 5.8%)

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

No other needs identified at this time.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/te/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Yellow	Suspension Rate Red
Mathematics Orange		
English Learner Progress Orange		

Conclusions based on this data:

1. Suspension Rate (red), E/LA achievement (orange), Math achievement (orange), and English Learner Progress (orange) are the highest priorities for school improvement and planning.

1. Lakeview has a relatively high suspension rate overall (13.9%), and Students with Disabilities (25.5%), English Learners (24.0%), and Socioeconomically Disadvantaged (17.9%) are subgroups with notably high suspension rates. Students with Disabilities' suspension rate is one of the reasons why the school has qualified for Additional Targeted Support and Improvement (ATSI).
2. All Students, Socioeconomically Disadvantaged, Students with Disabilities, and White students have red ratings on the California School Dashboard. These groups all merit attention and improvement efforts.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Performance: English Language Arts

All students and student sub-groups will demonstrate growth on state and local measures in the area of English Language Arts with the goal of all students achieving proficiency.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide and support engaging and high quality instruction, which promote active learning and maximize student achievement in the area of Language Arts.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In English/Language Arts, the school has an orange rating on the California School Dashboard (25.3 points below standard, declined 27.1 points). One subgroup is red (Students with Disabilities, 131.4 points below standard), and four subgroups are orange (English Learners, 60.7 points below standard; Hispanic students, 31.4 points below standard; Socioeconomically Disadvantaged students, 37.9 points below standard; and White students, 5.6 points below standard). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Lakeview needs to continue to focus on E/LA achievement due to its Dashboard ratings schoolwide and for subgroups.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Lakeview has implemented the actions outlined here. The SEO period has been a vital venue for targeted reading intervention. The Homework Club, offered three days a week with a credentialed teacher, has helped students with English homework and classwork. The English Department meets weekly as a PLC to review student progress and plan interventions and other next steps.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Lakeview will continue its work in 2024-2025 with a focus on improving E/LA outcomes for students schoolwide and identified subgroups. An important step for the Students with Disabilities subgroup will be the implementation of a Co-Taught English course. The course will be team taught by general education and Special Education teachers and will give participating Special Education students full access to grade-level E/LA curriculum and appropriate support. With full access to grade-level standards-based instruction, students with disabilities have a better chance to reach proficiency in CAASPP testing. Additionally, Lakeview will benefit from a two professional development days scheduled for August 8-9, 2024. The days will focus on the rationale and protocols associated with Professional Learning Communities, and other topics will include progress monitoring, Tier 1 instruction, academic intervention, and dealing with student behaviors. All teachers will benefit, but newer teachers especially will be boosted by two informative, inspirational PD Days that provide evidence-based strategies and protocols.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Conditions and Climate: Suspension Rate

All students and student groups will demonstrate a decrease in the rate of suspension from school

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Provide a rich and diverse curriculum in a positive and safe atmosphere to address the needs of the whole child.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Suspension Rate, Lakeview has a red rating on the California School Dashboard (13.9% suspended at least one day, maintained - 0.2%). Three subgroups are red (Socioeconomically Disadvantaged, 17.9% suspended at least one day; Students with Disabilities, 25.5% suspended at least one day; and White students, 16.3% suspended at least one day), and two subgroups are orange (English Learners, 24.0% suspended at least one day; and Hispanic students, 12.9% suspended at least one day). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Progress in reducing suspensions has been made in 2023-2024, but Lakeview needs to maintain its efforts to promote positive behavior and reduce suspensions in 2024-2025.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Lakeview has implemented the actions outlined here. PBIS has been a platform for providing explicit instruction on behavioral expectations and incentivizing positive behavior. School administrators and teachers are using a progressive discipline system that includes detentions and campus community service as consequences prior to suspension. Student supervision has been a priority, as staff are diligent about both in-person supervision and monitoring camera feeds to prevent issues. The school also has invested time and attention into programs that build student connectedness with peers and their school (see narrative for Goal 4).

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the coming year, we are planning to deepen our collaboration around student behavior. In 2024-2025 a district CARES (Comprehensive Alignment of Resources and Educational Supports) Team will spearhead the district's efforts to promote positive behavior and address/prevent severe behaviors. A site MTSS team will work in concert with the district CARES Team on this important goal. Additionally, all sites will work in 2024-2025 to use EduClimber as a platform for data on office discipline referrals and suspensions; this will enable more effective analysis of "trouble spots" with behaviors.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Performance: Mathematics

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Mathematics, the school has an orange rating on the California School Dashboard (60.3 points below standard, declined 5.8 points). Two subgroups are red (English Learners, 115.7 points below standard; and Students with Disabilities, 176.7 points below standard), and two subgroups are orange (Hispanic students, 71.7 points below standard; and Socioeconomically Disadvantaged students, 82.6 points below standard). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. Lakeview needs to focus on improving Math outcomes overall and for these subgroups.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Lakeview has implemented the actions outlined here. The SEO period has been a vital venue for targeted math intervention, as teachers have time for review, reteaching, previewing, and one-on-one or small group tutoring. The Homework Club, offered three days a week with a credentialed teacher, has helped students with Math homework and classwork. The English Department meets weekly as a PLC to review student progress and collaborate on interventions and other next steps. Elizabeth Hammonds, a district math consultant with expertise in the district adopted College Preparatory Mathematics (CPM) Program, has helped teachers with pacing and best practices for instruction.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to continue our efforts with math in 2024-2025. Teachers are becoming more skilled at intervening for struggling math students in the classroom and in SEOs. An important step for the Students with Disabilities subgroup will be the implementation of a Co-Taught Math course. The course will be team taught by general education and Special Education teachers and will give participating Special Education students full access to grade-level mathematics curriculum and appropriate support. With this access to rigorous, standards-based instruction, students with disabilities have a better opportunity to reach proficiency in CAASPP testing. Finally, the district also is considering an off-schedule math adoption in 2025-2026 to be preceded by piloting materials during the 2024-2025 school year.

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

For 2023-2024, students and parents were surveyed about the school climate for this SPSA. The student survey (taken by 284 Lakeview students) showed improvement from the 2022-2023 survey in two areas: "At my school, there is a teacher or other adult who is there for me if I have a problem or concern" (75% "pretty much true" or "very much true") and "At my school, there is a teacher or other adult who believes that I will be a success" (77% "pretty much true" or "very much true"). The parent survey (taken by 47 Lakeview parents) showed improvement in all five items, led by "Parents feel welcome to be involved in the school" (85% "pretty much true" or "very much true") and "Teachers communicate with parents about what students are expected to learn in class" (79% "pretty much true" or "very much true").

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

All stated actions were implemented. SEE Learning was launched as the district's social/emotional learning curriculum, and the implementation of monthly lessons has been supported by a district team. For students with significant mental health needs, the school has benefited from access to a community navigator who can assist families in accessing community care and services. The community navigator is a Santa Barbara County Education Office employee but collaborates closely with Lakeview staff around students with mental health issues. To support Mixtec students and families (Lakeview has gained some newcomer students whose language is Mixteco), the district hired an interpreter who speaks the language. The interpreter has supported these students and developed a rapport with their parents. Lakeview has continued to provide activities to foster cohesion and connectedness among students. As an example, in 2022-2023 it added a soccer program as a springtime outlet for students. The new sport has been very well received, and Lakeview even won the girls' championship of the local junior high school soccer league in 2023. The school's responsiveness to families was validated by the parent survey given in Fall 2023 that showed improvement over Fall 2022 in every area.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2024-2025 the district will expand implementation of SEE Learning beyond a monthly lesson. The school and district will continue to explore opportunities for parent/family involvement and engagement. Lakeview has opted to integrate its annual Open House (scheduled for May 30, 2024) with its annual information night for incoming sixth graders and their parents; this is one way to help new families to feel a part of the larger Lakeview Trojan Family from the outset!

Goals, Strategies, & Proposed Expenditures

Goal 5

Title and Description of School Goal

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In Chronic Absenteeism, the school has a yellow rating on the California School Dashboard (25.7% chronically absent, declined 3.1%). Two subgroups are red (English Learners, 29.2% chronically absent; and White students, 31.4% chronically absent), and one subgroup is orange (Students with Disabilities, 34.0% chronically absent). The district is in Differentiated Assistance for the performance of its Foster Youth and Students with Disabilities subgroups, and the district also is in Compliance Improvement Monitoring (CIM) for Students with Disabilities. While improvement is occurring with attendance in 2023-2024, the school needs to continue its efforts to reduce chronic absenteeism in 2024-2025.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Attendance has been an emphasis throughout the year. The district ran an attendance awareness campaign in September 2023, and the school has been giving incentives and/or recognition for good or improved attendance. The district also has improved its efforts with attendance accountability. All of the district's attendance letters (Truancy Letter 1, Truancy Letter 2, excessive tardiness letter, and 10% or more absenteeism letter) have been rewritten to be more readable and positive. The letters also have been embedded in the Aeries student information system so office assistants can more easily print them out. The school has engaged in personal outreach to high-need students and their families. Finally, the school Wellness Center, where the school's full-time counselor is based along with a psychologist and community navigator who work at multiple sites, has continued to be a place where students can access support. Happily, attendance data is showing that these efforts are making a difference -- chronic absenteeism data is improved at Lakeview.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We recognize the need to continue to focus on attendance in 2024-2025. While improvement is being seen, attendance still is not approaching pre-COVID levels.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:

 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;

Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

EDUCATIONAL SERVICES MEMORANDUM

TO: Board of Trustees
Holly Edds, Ed.D.

FROM: Joe Dana
Assistant Superintendent, Educational Services

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Revision to Board Policy 5144 – Discipline

BACKGROUND: As per guidance from the California School Boards Association, we are revising Board Policy 5144 on discipline to reflect a new law, SB 291 (2023), that, beginning with the 2024-2025 school year, prohibits school staff from denying a student's recess unless the student's participation poses an immediate threat to the physical safety of the student or one or more of the student's peers. Additionally, the policy now is updated to include interventions and supports to students as a priority in determining appropriate discipline.

RECOMMENDATION: Staff recommends that the Board of Trustees approve the revisions to Board Policy 5144 at this first reading and place it on the consent agenda of the next regular board meeting.

FUNDING: No impact.

DISCIPLINE

The **Governing** Board of Trustees is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

~~(cf. 5113.1—Chronic Absence and Truancy)~~

~~(cf. 5131—Conduct)~~

~~(cf. 5131.1—Bus Conduct)~~

~~(cf. 5131.2—Bullying)~~

~~(cf. 5137—Positive School Climate)~~

~~(cf. 5145.9—Hate Motivated Behavior)~~

~~(cf. 6020—Parent Involvement)~~

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and ~~correcting~~ **responding appropriately** to student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

~~(cf. 5138—Conflict Resolution/Peer Mediation)~~

~~(cf. 6164.2—Guidance/Counseling Services)~~

In addition, the Superintendent or designee's strategies for ~~correcting~~ **responding to** student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

~~(cf. 5020—Parent Rights and Responsibilities)~~

Students

BP 5144 (b)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

~~(cf. 3550—Food Service/Child Nutrition Program)~~

~~(cf. 3551—Food Service Operations/Cafeteria Fund)~~

~~(cf. 3553—Free and Reduced Price Meals)~~

A student shall not be denied recess unless the student's participation poses an immediate threat to the physical safety of the student or to the physical safety of one or more of the student's peers. If, due to such immediate threat, a student is denied recess, staff shall make all reasonable efforts to resolve the threat and minimize the student's exclusion from recess, to the greatest extent practicable. (Education Code 49056)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to Education Code 49005.4 and in accordance with district regulations. ~~(Education Code 49005.2)~~

~~(cf. 5131.41—Use of Seclusion and Restraint)~~

The **principal or designee** ~~administrative staff~~ at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and ~~district~~ **administrative** regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 35291.5, 32282)

~~(cf. 0450—Comprehensive Safety Plan)~~

~~(cf. 9320—Meetings and Notices)~~

At all times, the safety of students and staff ~~and~~ **providing interventions and supports to students, as well as** the maintenance of an orderly school environment, shall be priorities in determining appropriate discipline. ~~(cf. 4331—Staff Development)~~

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety and connectedness to the school community, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

~~(cf. 0460—Local Control and Accountability Plan)~~

EDUCATIONAL SERVICES MEMORANDUM

TO: Board of Trustees
Holly Edds, Ed.D.

FROM: Joe Dana
Assistant Superintendent, Educational Services

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Revision to Board Policy 6141.2 – Recognition of Religious Beliefs and Customs

BACKGROUND: As per guidance from the California School Boards Association, we are updating Board Policy 6141.2 on recognition of religious beliefs and customs to do the following:

- State that instruction regarding the role of religious in society be consistent with adopted instructional materials and state standards;
- Align with new direction from the U.S. Department of Education regarding constitutionally protected prayer and religious expression in public schools and Appendix F of the California Department of Education’s History and Social Science Framework, which offers guidance for educators regarding the recognition of religious beliefs and customs; and
- Reflect a U.S. Supreme Court decision (Kennedy v. Bremerton) that held that school staff are not prohibited, when acting in their private capacity, from encouraging students’ participation in private prayer or other religious activity, and that staff shall not prohibit or discourage any student from praying or otherwise expressing their religious belief so long as this does not disrupt classroom or school activities.

RECOMMENDATION: Staff recommends that the Board of Trustees approve the revisions to Board Policy 6141.2 at this first reading and place it on the consent agenda of the next regular board meeting.

FUNDING: No impact.

RECOGNITION OF RELIGIOUS BELIEFS AND CUSTOMS

The ~~Board of Trustees~~ **Governing Board** recognizes that students' education would be incomplete without an understanding of the role of religion in society. As appropriate for a particular course, teachers may objectively discuss the influences of various religions, using religious works and symbols to illustrate their relationship with culture, literature or the arts. The Board expects that such instruction will identify principles common to all religions and foster respect for the diversity of religions and customs in the world **and be consistent with the adopted instructional materials and state standards, as applicable.**

(cf. 6143—Courses of Study)

In order to respect each student's individual right to freedom of religious practice, religious indoctrination is ~~clearly~~ forbidden in the public schools. **The Superintendent or designee shall ensure that** instruction about religion shall not promote or denigrate the beliefs or customs of any particular religion or sect, nor should a preference be shown for one religious viewpoint over another. Staff members shall be highly sensitive to their obligation not to interfere with the religious development of any student in whatever tradition the student embraces, **and treat all religions and religious conviction, including nonbelief, with fairness and respect.**

(cf. 0410—Nondiscrimination in District Programs and Activities)

(cf. 1330—Use of School Facilities)

(cf. 1325—Advertising and Promotion)

(cf. 5113—Absences and Excuses)

(cf. 6145.5—Student Organizations and Equal Access)

Staff shall not endorse, encourage or solicit religious or anti-religious expression or activities among students during class time.

~~As part of their official duties,~~ Staff shall not ~~lead~~ **coerce** students in prayer or other religious activities **as part of their official duties.** However, staff are not prohibited, when acting in their private capacity, from encouraging students' participation in personal prayer or other religious activity. Additionally, staff shall not prohibit or discourage any student from praying or otherwise expressing his/her religious belief as long as this does not disrupt the classroom **or other school sponsored activity.**

(cf. 5127—Graduation Ceremony and Activities)

Students may express their beliefs about religion in their homework, artwork and other class work if the expression is germane to the assignment. Such work shall be judged by ordinary academic standards, **relevance, and other legitimate pedagogical objectives.**

(cf. 5121—Grades/Evaluation of Student Achievement)

(cf. 5145.2—Freedom of Speech/Expression)

(cf. 6144—Controversial Issues)

(cf. 6154—Homework/Make-up Work)

Instruction

BP 6141.2 (b)

While teaching about religious holidays is a permissible part of the educational program, celebrating religious holidays is not allowed in the ~~public schools~~ district. School-sponsored programs shall not be, nor have the effect of being, religiously oriented or a religious celebration. School and classroom decorations may express seasonal themes that are not religious in nature. **The use of religious symbols that are part of a religious holiday is permitted as a teaching aid or resource provided that such symbols are displayed as an example of cultural and religious heritage of the holiday and temporary in nature.**

Classroom methods in instruction about religion shall not include religious role-playing activities or simulated religious devotional acts.

Music, art, literature or drama programs having religious themes are permitted as part of the curriculum for school-sponsored activities and programs if presented in an objective manner and as a traditional part of the cultural and religious heritage. ~~The use of religious symbols that are part of a religious holiday is permitted as a teaching aid or resource provided that such symbols are displayed as an example of cultural and religious heritage of the holiday and are temporary in nature.~~

District schools shall not prohibit religious activities if the same or similar non-religious activities are permitted.

HUMAN RESOURCES MEMORANDUM

TO: Board of Trustees
Holly Edds, Ed.D

FROM: Susan Salucci
Assistant Superintendent, Human Resources

BOARD MEETING DATE: May 8, 2024

BOARD AGENDA ITEM: Revision to Board Policy 4118 Dismissal/Suspension/Disciplinary Action

BACKGROUND: Board Policy 4118 Dismissal/Suspension/Disciplinary Action was updated to generalize the material related to the basis for disciplinary action, and reflect a new court decision (Visalia Unified School District v. PERB) which held that service as a union officer constitutes protected activity under the Educational Employment Relations Act for purposes of complaints of retaliation for union activities, and that retaliation solely for engaging in protected activities is prohibited. Additionally, the policy was updated to amend the list of what may be considered disciplinary actions to more closely align with law, and to add new section "Compulsory Leave of Absence" for consistency with law and the accompanying administrative regulation.

RECOMMENDATION: Staff recommends that the Board of Trustees approve the revised Board Policy 4118 Dismissal/Suspension/Disciplinary Action at this first reading and place it on the consent agenda of the next regular board meeting.
